ORDER TO SUPPLEMENT APPLICATION

Issue Date: June 19, 2017   Effective Date: June 19, 2017

The Missouri Public Service Commission is directing the applicants to supplement the application by listing each county where an affected political subdivision, as described by statute,[1] is located.

The application complies with the statutes' requirement to state the tax impact of the transaction at issue:

> Any person seeking any order under this subsection authorizing the [transaction described in the application] shall, at the time of application for any such order, file with the commission a statement, [of] any, impact such [transaction] will have on the tax revenues of the political subdivisions in which any [assets described in the application] are located. [[2]]

But that statute also requires the Commission to give notice of the transaction to certain county clerks. The county clerks to whom notice is due are not merely those counties in which relevant assets lie, nor counties to which any party to the transaction pays taxes.

> The commission shall send a copy of all information obtained by it as to what, if any, impact [the transaction] will have on the tax revenues of **various political subdivisions** to the county **clerk of each county in which any portion** of a political

subdivision which will be affected by such disposition **is located**. [3]

Some political subdivisions cross county lines, so the statute requires notice to the clerks of all counties, not just where the assets are located, but where any affected political subdivision is located.

The application does not list those counties because the commission's regulations do not require it to do so. Nevertheless, the Commission needs that information to meet its statutory duty. Therefore, the Commission will order the application supplemented.

THE COMMISSION ORDERS THAT:

1. No later than June 29, 2017, the applicants shall file a supplement to the application listing each county in which an affected political subdivision, as described in the body of this order, is located.

2. This order shall be effective when issued.
