RE: BEAR CREEK TRANSFER OF WATER SYSTEM

Dear Steven,

The closing between Bear Creek Water & Sewer, LLC and Public Water Supply District No.3 took place of September 30, 2010, but the actual transfer did not occur until we received all signed documents, which we received November 3, 2010 via U.S. Mail. The Deeds transferring title will be mailed to record on November 4, 2010.

Feel free to contact me should you have any questions.

Very Truly Yours,

David N. Appleby
