May 6, 2010

Missouri Gas Utility, Inc. is required to file tariff sheets to show the rates and conditions under which natural gas service will be offered in its expansion of its Southern Service Area, which serves the towns of Buffalo and Bolivar, as well as the adjacent territory as approved in Case No. GA-2010-0189.

In reviewing the MGU tariff, the expansion of the Southern Service Area required new sheets or substantive changes.

Current Tariff Sheet	New Tariff Sheet	Concerning
Second Revised Sheet No. 1	Third Revised Sheet No. 1	Title
No current sheet	Original Sheet No. 3C	Map
No current sheet	Original Sheet No. 4C	Legal Description

With these additions and corrections, MGU believes that the tariff sheets are now complete and correct.

A handwritten signature in blue ink, appearing to read "Tim Johnston", is positioned above the printed name.

Tim Johnston, P.E.
Executive Vice President
Missouri Gas Utility, Inc.
