

OF THE STATE OF MISSOURI

Case No. WO-2006-0135

ORDER CORRECTING PREVIOUS ORDER DIRECTING NOTICE

Issue Date: September 30, 2005

Effective Date: September 30, 2005

On September 27, 2005, Consolidated Public Water Supply District No. 1 of Clark County, Missouri, and the City of Canton, Missouri, filed a joint application asking the Commission to approve a territorial agreement between the water supply district and the city. The Commission issued an order on September 28 that provided notice of the filing of the joint application and established a date for the submission of intervention requests. The Commission's order directed its Data Center to mail a copy of the notice to the County Commission of Clark County. The order also directed the Commission's public information officer to make notice of that order available to the media serving Clark County and to the members of the General Assembly representing Clark County.

It has come to the Commission's attention that the territory affected by this agreement is in Lewis County rather than Clark County. Therefore the previously ordered notice should have gone to Lewis County rather than Clark County.

IT IS THEREFORE ORDERED:

1. That the Missouri Public Service Commission's Data Center shall mail a copy of this order, and the previously issued Order Directing Notice and Setting Date for Submission of Intervention Requests, to the County Commission of Lewis County.
2. That Missouri Public Service Commission's information officer shall make notice of this order, and the previously issued Order Directing Notice and Setting Date for Submission of Intervention Requests, available to the media serving Lewis County and to the members of the General Assembly representing Lewis County.
3. That this order shall become effective on September 30, 2005.
