Objection to the lies in the staff's brief

Judge Jordan

Please accept my apologies for rescinding my offer of acceptance of your ruling if it could possibly be based on the staff's brief. Although you may still be able to view the matter impartially, you have been put in a difficult position to do so by staff's counsel. There are several untruths in the brief allowing it/them to make an argument that sounds somewhat logical, however it does not adhere to the facts in the case.

Two such instances are as follows:

1. Water was turned off **at the meter**, not at the valve box 12 feet away.
2. Woodland Manor purchased the system. That includes all of the associated piping, valves, etc. Woodland Manor would not have had to install the line to make it theirs. They bought it.

Sadly, some of the fabricated distractions, designed to incite doubt in order to protect jobs are originating from the staff's counsel.

Please take these items into consideration when deciding this matter.

Thank you for your time and effort.
