ELEVENTH PROGRESS REPORT

COMES NOW the Staff of the Missouri Public Service Commission (Staff), by and through counsel, and for its Eleventh Progress Report states the following to the Missouri Public Service Commission (Commission).

1. On August 30, 2005, the Commission issued its **Order Directing Staff To File A Progress Report**, (08/30/05 Order) wherein it directed the Staff to file a progress report detailing its efforts to identify a potential interim receiver for Missouri Utilities Company (MU), with that report to be filed no later than September 6, 2005.

2. As required by the Commission's 08/30/05 Order, the Staff filed a Progress Report detailing its efforts to identify a potential interim receiver for Missouri Utilities Company (MU) on September 6, 2005 (09/06/05 Progress Report).

3. As a part of its 09/06/05 Progress Report, the Staff committed to file either a weekly progress report regarding the identification of a potential interim receiver for MU, or a notice advising the Commission that it has no new information to report, with such filings to be made on Tuesday of each week until this matter is resolved.

4. Consistent with the commitment it made in its 09/06/05 Progress Report, the Staff has made weekly update filings in this case.

5. Regarding the identification of a potential receiver for MU, the Staff has no additional or updated information to provide at this time, but does wish to refer the Commission back to the information provided in the Staff's Tenth Progress Report about Mr. Gary Cover expressing a willingness to act as the receiver for MU, under certain conditions.

6. Regarding the identification of a contract operator for MU's systems, the Staff previously reported that the individual that the Staff has had discussions with about acting as the interim receiver for MU had contacted two contract operators about giving him estimates for operating MU's water and sewer systems, but had not yet been able to meet with the contract operator that has expressed the most interest in operating MU's systems to discuss the details of that operator's estimate for operating the systems. With further regard to this matter, the Staff has now been advised that such a meeting is scheduled to take place on February 7, 2006.

7. The Staff will contact either the individual with whom it has previously discussed the possibility of acting as an interim receiver for MU or the contract operator that has expressed the most interest in operating MU's systems to discuss the results of the meeting scheduled for February 7 between those two individuals. If additional meaningful information is obtained as a result of that discussion, the Staff will further discuss this situation with Mr. Cover.

8. The Staff notes that it will continue to file weekly progress reports, or will advise the Commission that additional information is not available and that a progress report will not be filed for a given week.

WHEREFORE, the Staff respectfully submits its Eleventh Progress Report for the Commission's information and consideration in this case.

Respectfully Submitted,

/s/ Keith R. Krueger
