IN RESPONSE TO THE LATE FILED EXHIBIT OF MISSOURI-
AMERICAN WATER COMPANY

I Dione Joyner would like to object to any late filing of Missouri-American Water company exhibits. The Exhibit 8, I have not received a copy for my review. I would like to request a copy of Exhibit 8 and an extension for further review and response. The request for the work order was initially request from Missouri-American water when the company disconnected the services and when the complaint was sent to the commission. The company was never able to produce a copy of the work order for the complainant to see. It is very suspicious the company is able to produce such documents in this stage of the proceedings. Also the Missouri-Commission needs to request that Ms Mary Sullivan rewrite her Late Filing to reflect the correct dates as she has October 2006 as a point of references which makes the information on the documents incorrect. Please forward a copy of Exhibit 8 for further review. Please allow an extension upon receipt for further response.
