**COMPLAINANT'S RESPONSE TO FIRST SET
OF RESPONDENT'S DATA REQUESTS**

COMES NOW Ben F. Weir, the complainant in case No. WC-2006-0107, respectfully informing the Commission that I do not plan to answer the questions outlined in the first set of respondent's data requests.

I object that not only are the data requests private and privileged in nature, but they are also irrelevant to the complaint I filed which contains all of the factual documentation that should be necessary for the Commission to confirm or deny my original claim, filed September 8, 2005.

In addition, many of the questions submitted by Mr. Comley are open-ended and subjective in nature and request that I make a judgment decision on my behalf. At the present time, it is impossible for me to truthfully or fairly answer those questions until I have heard, read, seen and interpreted for myself the accuracy of all the "facts" which will be presented by ALL of the witnesses and parties at the public hearing.

In support of my original complaint, I filed more than 35 pages of official documents either produced by or filed with the State of Missouri as well as numerous letters to state officials as well as representatives of the BIHOA. Any relevant questions by the Respondent regarding my complaint have already been answered in those documents.

Respectfully submitted,

Ben F. Weir
