

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of the Transfer of Assets of       )  
Swiss Villa Utilities, Inc. to the Black Oak       )  
Mountain Resort Property Owners                )  
Association.    )

**Case No. WO-2007-0410**

**STATUS REPORT**

**COMES NOW** the Staff of the Missouri Public Service Commission (Staff), by and through counsel, as directed by the Commission’s Order Directing Staff to File Monthly Status Reports, and submits the following report:

1. This report covers the period of June 1, 2009 to June 30, 2009 and serves as the “monthly status report” for that period. Staff will continue to file these reports on or around the last working day of each month unless directed to do otherwise.

2. On June 11, 2009, John View, the organizer of the proposed non-profit utility corporations, attended a meeting with representatives from the Staff of the Missouri Public Service Commission and from the Missouri Department of Natural Resources (DNR) in order to address certain issues concerning the incorporation of the prospective Chapter 393 non-profit utility corporations and to discuss issues related to the utility system’s compliance with state environmental regulations.

3. At this meeting DNR agreed to work with Mr. View to develop a Schedule of Compliance in order to bring the wastewater treatment system serving the Black Oak Mountain Resort Property Owners Association into compliance with the Missouri Clean Water Law.

4. Mr. View agreed that by June 30, 2009 he would contact an environmental engineer to obtain estimates for the cost of an anti-degradation review for presentation to the

prospective members of the Board of Directors of the Black Oak Mountain Sewer Company.

Mr. View also agreed to file with Missouri Secretary of State's Office those documents required for the incorporation of the non-profits water and sewer corporations.

5. On June 29, 2009, Staff contacted Mr. View in order to inquire about the status of the commitments made at the June 11, 2009 meeting. At that time Mr. View indicated that he has contacted Great River Engineering about performing the anti-degradation review, though the review has not yet commenced. Mr. View further indicated that he is awaiting the signature of one member of the Board of Directors of the prospective corporations, and that once such signature is attained the documents required for incorporation will be filed with the Missouri Secretary of State's Office.

**WHEREFORE**, Staff submits this Status Report for the Commission's information.

Respectfully Submitted,

**/s/ Eric Dearmont**

Eric Dearmont

Assistant General Counsel

Missouri Bar No. 60892

Attorney for the Staff of the  
Missouri Public Service Commission
