4.5.30 Prepaid Services

A. Prepaid Services

Prepaid Service is a prepaid, switched, intrastate, telecommunications service which permits Customers to establish communications between two locations within the State of Missouri. Prepaid Service is available only within those exchanges and local calling areas listed in this tariff.

1. Prepaid Service provides a Customer with a single, voice-grade communications channel, including a telephone number and a Directory Listing. The Company's Prepaid Service permits a Customer to: (i) place calls within the Local Calling Area; (ii) access 911 Service if available in the Customer's Local Calling Area; (iii) place call to toll-free "800" or "888" telephone numbers. The Company's Prepaid Service does not permit a Customer to originate calls to caller-paid information services (e.g., "900", "976", "711") or to local or long distance operator services (1+, 0-, 0+); the Company blocks all such calls.

2. Standard Features. Each Prepaid Service Customer is provided with only local exchange service.

3. Optional Features. Prepaid Service Customers may select from the following optional features: (i) Call Waiting, (ii) Call Forwarding, (iii) Three Way Calling, (iv) Unpublished Number, (v) Speed Dial, (vi) Call Return, (vii) Caller ID, and (viii) Call Trace.

B. Recurring Charges

Monthly Prepaid Service	\$49.95

All other taxes, fees and surcharges
applicable to local services in this
Tariff apply.
