**NOTICE OF CORRECTION IN INITIAL BRIEF**

COME NOW the Midwest Energy Consumers' Group (collectively referred to herein as "MECG"), and for its Notice of Correction in its Initial Brief, respectfully states as follows:

1. On March 22, 2017, MECG filed its Initial Brief in this matter. On page 90 of that brief, MECG asks that the Commission set a return on equity for KCPL at the lower end of the range established by MECG witness Gorman. MECG then inadvertently indicates that the lower end of this range was 9.9% to 10.2%. This was mistaken.

2. As indicated at pages 9, 14, 15, 17, 18, 27 and 36 of that brief, Mr. Gorman's return on equity analysis shows a range of 8.9% to 9.5% with a midpoint of 9.2%. Therefore, the lower end of the range should have indicated 8.9% to 9.2%. In fact, the correct recitation of the lower end of the range was properly indicated on pages 9, 14 and 36. Counsel inadvertently indicated a different range on page 90.

3. Through this pleading, MECG seeks to correct and clarify that its position is that KCPL should be awarded a return on equity at the lower end of Mr. Gorman's range (8.9% to 9.2%). As such, the reference on page 90 should be corrected.

WHEREFORE, MECG respectfully requests that the Commission recognize this correction to page 90 of its Initial Brief.

Respectfully submitted,
