Dear Secretary Woodruff:

On behalf of Spire Missouri Inc. (the "Company"), enclosed herewith for filing with the Missouri Public Service Commission are the Weather Normalization Adjustment Rider (WNAR) tariff sheets, P.S.C. MO. No. 7, Fourth Revised Sheet No. 13.2 of the eastern Missouri operating division of Spire Missouri Inc. d/b/a Spire ("Spire East") and P.S.C. MO. No. 8, Fourth Revised Sheet No. 13.2 of the western Missouri operating division of Spire Missouri Inc. d/b/a Spire ("Spire West").

These revised tariff sheets, have an issue date of August 31, 2020 and an effective date of October 1, 2020. The WNA for Spire East is \$0.0016 and the WNA for Spire West is \$0.00368. These rates are calculated semiannually to adjust for actual heating degree days as they differ from the normal levels and are effective for six (6) months.

For the average Spire East residential customer, this filing represents a charge of 11 cents per month, which is equal to an increase of approximately 1.1% or \$0.75 per month from existing rates. For the average Spire West residential customer, WNAR represents a charge of 23 cents per month, or an increase of about a 1.2% or \$0.70 per month from existing rates. Such bill impacts may be less or more depending on a customer's actual usage, which is primarily affected by weather.

Thank you for bringing this matter to the attention of the appropriate Commission personnel.

Sincerely,

/s/ Scott A. Weitzel
