**ORDER DIRECTING THE DATA CENTER  
TO RECLASSIFY DOCUMENT AS PUBLIC**

Issue Date: June 12, 2013

Effective Date: June 12, 2013

During the evidentiary hearing, the Staff of the Commission's recommendation and memorandum was admitted into evidence as Highly Confidential. To effectively make findings of fact, it is necessary for the Commission to refer to the information set out in Staff's memorandum and attachments A and B thereto.

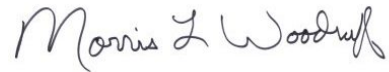

The parties were given an opportunity to object to the Commission reclassifying these documents as public. None objected. The Commission will therefore direct the Data Center to reclassify Staff's recommendation and memorandum, and attachments A and B, thereto, as public. The Data Center is further instructed to redact from these documents any personal information about Complainant; for instance, her address or account number

**THE COMMISSION ORDERS THAT:**

1. The Data Center of the Commission shall reclassify as public Staff's recommendation and memorandum, and attachments A and B, with personal information of Complainant redacted.

2. This order shall become effective upon issuance.
