Mutual Telephone Corp. for Suspension)	File No. TO-2004-0456
And Modification of the FCC's Requirement)	
To Implement Number Portability)	

STAFF RESPONSE

COMES NOW the Staff of the Missouri Public Service Commission ("Staff"), through the undersigned counsel, and hereby respectfully states:

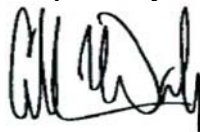

1. The Staff has spoken with counsel for Grand River Mutual Telephone Corp. ("the Company"), from whom the Staff received verbal representations that lead it to believe that the Company is in compliance with the Commission's rules and Order and with the Telecommunications Act of 1996 in the Company's handling of the recently received bona fide request for intermodal number portability.

2. The Staff believes the Commission should require the Company to place in this file a description of this particular number port (such as a description of any intercept message) as well as the expected methods of indirect interconnection and the compensation for traffic to or from the ported number for it to fully function as a local number in the local calling scope.

3. In light of the explanations from the Company in this matter, the Staff believes that, upon receipt of the filing discussed above, this matter should again be closed.

WHEREFORE, the Staff requests that the Commission require the above-described filing and close this case.

Respectfully submitted,

Colleen M. Dale, Senior Counsel
Missouri Bar No. 31624
Attorney for the Staff of the
Missouri Public Service Commission
