Case No. _____

**APPLICATION FOR CERTIFICATE OF SERVICE AUTHORITY TO PROVIDE
BASIC LOCAL EXCHANGE TELECOMMUNICATIONS SERVICE AND FOR
COMPETITIVE CLASSIFICATION**

Comes now VCI Company ("VCI" or "Applicant"), by its undersigned counsel, and hereby applies pursuant to Sections 392.361, 392.410, 392.420, 392.430, 392.450, and 392.455, RSMo, the federal Telecommunications Act of 1996, and 4 CSR 240-2.060, for a certificate of service authority to provide basic local exchange and exchange access telecommunications service throughout the State of Missouri, and for designation as a competitive telecommunications carrier. In support of its Application, Applicant states as follows:

1. VCI is a corporation existing under and by virtue of the laws of the State of Washington, duly organized on November 24, 2003. VCI has no affiliates or subsidiaries. Its headquarters and principal place of business are located at 3875 Steilacoom Blvd. S.W. #A, Lakewood, WA 98499, its telephone number is (800) 923-8375, and its web site is www.vilaire.com. Copies of the Applicant's Articles of Incorporation and Amendments are attached hereto as *Exhibit A*. A copy of the Applicant's Certificate to transact business within the State of Missouri as a foreign corporation is attached hereto as *Exhibit B*. Applicant will do business in Missouri under the name VCI Company.

2. VCI currently is authorized to provide basic local exchange service and custom

calling features in the following states: California, Colorado, Idaho, Iowa, Michigan, Minnesota, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Texas, Utah, Washington, Wisconsin and Wyoming. VCI currently provides service to approximately 50,000 residential customers in the states of Iowa, Minnesota, Montana, North Dakota, Oregon, South Dakota, Washington and Wyoming.

3. All inquiries, correspondence, communications, pleadings, notices, orders, and decisions relating to the case should be addressed to:

Mark P. Johnson

4. VCI seeks Commission certification to provide the telecommunications services described below on a facilities and resold basis throughout all exchanges currently served in Missouri by the following incumbent local exchange telecommunications companies (ILECs): SBC Missouri (SBC); Sprint; CenturyTel of Missouri, LLC, and Spectra Communications Group LLC dba CenturyTel. The specific SBC, Sprint, CenturyTel, and Spectra exchanges within

which VCI proposes to offer service are listed in those incumbent providers' respective local exchange tariffs.

5. Pursuant to this application, VCI seeks authorization to offer and provide basic local exchange telecommunications service, pursuant Sections 392.430, 392.440, 392.450, and 392.455, RSMo. In addition, VCI intends to offer local exchange access services to interconnecting carriers.

6. VCI possesses the technical, financial, and managerial resources and abilities necessary to provide the proposed services. VCI's senior management has numerous years experience in telecommunications operations, management and finance, as indicated in the resumes of VCI's senior management, attached hereto and incorporated herein by reference as *Exhibit C*. VCI also possesses the necessary financial resources to support provision of the proposed services. Copies of VCI's year-end 2005, verified, unaudited financial statements are attached hereto as *Exhibit D*.

7. VCI seeks local exchange certification. The Commission may grant VCI a certificate of service authority to provide local exchange telecommunications service if the Commission finds such authority to be in the public interest. Section 392.440, RSMo. Competition in the local exchange telecommunications market is in the public interest.

8. VCI intends to provide basic local telecommunications services primarily to residential customers in the service areas of the ILECs listed above. Initially, VCI will provide service in SBC-Missouri's service area, but may expand its service areas in the future to include those served by the remaining ILECs. VCI will offer basic local telecommunications service as a separate and distinct service that satisfies the minimum standards established by the Commission, will provide service that follows exchange boundaries of the ILEC, and will be no

smaller than an exchange, and will give due consideration to equitable access for all Missourians to affordable telecommunications services regardless of their income or place of residence.

9. VCI seeks classification of itself and its services as competitive. Pursuant to Sections 392.361.3, RSMo, the Commission may designate a company as competitive if it finds that all of the services the company provides are subject to sufficient competition to justify a lesser degree of regulation, and that such lesser regulation is consistent with the protection of ratepayers and promotes the public interest. As the services which VCI proposes to provide are local exchange services in the service areas of SBC, Sprint, CenturyTel, and Spectra, in which those companies and many others provide the same or similar services, there is sufficient competition to justify designation of those services as competitive. As all of the services which VCI proposes to provide should be designated as competitive, VCI should be designated as a competitive telecommunications company.

10. VCI commits that it will comply with all applicable Commission rules and will meet all relevant service standards, including, but not limited to billing, quality of service, tariff filing, and maintenance standards, in a manner consistent with the Commission's requirements for incumbent local exchange carrier(s) with whom VCI seeks authority to compete. Consistent with the Commission's treatment of other certificated competitive local exchange telecommunications companies, VCI requests that the following statutes and regulations be waived for VCI with respect to its local exchange service offering, pursuant to Sections 392.361.5 and 392.420, RSMo:

Statutes

392.210.2

392.240.1

392.270

392.280

392.290

392.300.2

392.310

392.320

392.330

392.340

Missouri Public Service Commission Rules

4 CSR 240-10.020

4 CSR 240-30.040

4 CSR 240-3.550(5) (C)

11. VCI submits that the public interest will be served by Commission approval of this application because VCI's proposed services will create and enhance competition and expand customer service options consistent with the legislative goals set forth in the federal Telecommunications Act of 1996 and Section 392 RSMo. Prompt approval of this application also will expand the availability of innovative, high quality, and reliable telecommunications services within the State of Missouri.

13. Consistent with 4 CSR 240-2.060(1)(K), VCI does not have any pending action or final unsatisfied judgment or decisions against it from any state or federal agency or court which involves customer service or rates, which action, judgment or decision has occurred within 3 years of the date of application.

14. Consistent with 4 CSR 240-2.060(1)(L), VCI does not have any overdue annual reports or assessment fees.

15. Notwithstanding the provisions of Section 392.500, RSMo., as a condition of certification and competitive classification, VCI agrees that, unless otherwise ordered by the Commission, its originating and terminating switched exchange access rates will be no greater than the lowest Commission-approved corresponding access rates in effect for each ILEC within

whose service area(s) VCI seeks authority to provide service. Additionally, pursuant to the Commission's Report and Order in Case No. TO-99-596, VCI agrees that if the ILEC in whose service area VCI is operating decreases its originating and/or terminating access service rates, VCI shall file an appropriate tariff amendment to reduce its originating and/or terminating access rates within thirty (30) days of the ILEC's reduction of its originating and/or terminating access rates in order to maintain the cap on switched exchange access rates.

WHEREFORE, Applicant VCI Company respectfully requests that the Commission grant it a certificate of service authority to provide basic local exchange telecommunications service as herein requested, classify VCI as a competitive telecommunications company, grant a waiver of the aforesaid statutes and regulations, and for such other relief as the Commissions deems appropriate.

Respectfully submitted,
