Applying to MISSOURI SERVICE AREA

* MISSOURI ENERGY EFFICIENT NATURAL GAS EQUIPMENT REBATE PROGRAM

APPLICATION:

The Missouri Energy Efficient Natural Gas Equipment Rebate Program (the Program) is designed to encourage more effective utilization of natural gas by encouraging energy efficiency improvements through the replacement of inefficient natural gas equipment with high efficient Energy Star rated natural gas equipment. Rebates are being offered on a limited basis for a portion of the cost of Energy Star rated programmable set back thermostats, low flow shower heads/aerators, energy efficient water heater wraps, energy efficient hot water pipe insulation, residential Energy Star rated natural gas furnaces, and commercial Energy Star rated natural gas utilization equipment purchased by Participants. Company's participation in such financial incentives is limited to the Funds allocated for that purpose by the Residential and Commercial Energy Efficiency Collaboration (RCEEC) pursuant to the Stipulation and Agreement approved by the Missouri Public Service Commission in Case No. GR-2003-0517.

DEFINITIONS:

Administrator - Company will administer the Program

Funds - RCEEC has allotted a total of fifty five thousand dollars (\$55,000) to fulfill rebates as follows:

Eight thousand three hundred thirty three dollars (\$8,333) for Energy Star rated programmable auto set back thermostats

Five thousand dollars (\$5,000) for low cost energy measures consisting of a maximum purchase of three (3) low flow shower heads/aerators, one (1) energy efficient water heater wrap, and five (5) feet of energy efficient hot water pipe insulation

*Indicates Change

UNION ELECTRIC COMPANY GAS SERVICE

Applying to MISSOURI SERVICE AREA

MISSOURI ENERGY EFFICIENT NATURAL GAS EQUIPMENT REBATE PROGRAM (Cont'd)

Thirty three thousand three hundred thirty four dollars (\$33,334) for Energy Star rated residential natural gas furnace installations

Eight thousand three hundred thirty three dollars (\$8,333) for commercial Energy Star rated natural gas utilization equipment installation

Participant - a customer, who is being served under either the Company's Residential or General Service natural gas rate class, is located in Missouri and elects to purchase one of the applicable energy efficient gas saving equipment described in the Program. Rebates apply only to residential customers purchasing Energy Star rated programmable auto set back thermostats, low flow shower heads/aerators, energy efficient water heater wrap, energy efficient hot water pipe insulation, and Energy Star rated residential natural gas furnaces; rebates for Energy Star rated natural gas utilization equipment only apply to General Service customers.

Retailer - Any retailer which has agreed to sell Energy Star rated energy efficient natural gas equipment associated with this Program.

RCEEC - Residential and Commercial Energy Efficiency Collaborative, established by the Commission in Case No. GR-2003-0517 includes representatives from Company, Commission Staff, Office of the Public Counsel, and the Department of Natural Resources Energy Center. The RCEEC was authorized to develop programs that increase energy efficiency among Company's residential and commercial natural gas customers.

AVAILABILITY:

The Program is voluntary and available once to any Participant. Rebates must be redeemed through the Administrator. Participating Retailers can be determined by visiting Company's Website (www.ameren.com) or by calling 314-342-1111 or 1-800-552-7583.

MISSOURI ENERGY EFFICIENT NATURAL GAS EQUIPMENT REBATE PROGRAM (Cont'd)

REBATE AMOUNT:

Each Participant will receive a rebate within eight (8) to ten (10) weeks after the completed rebate form is submitted with proper information. Rebate forms will be available as described on Company's Web Site (www.ameren.com).

The terms of the rebate are as follows:

Upon receipt of a properly completed rebate form and associated documents, the Administrator will issue a check to the Participant within eight (8) to ten (10) weeks. The following maximum amounts may be paid to each participant.

- 1) Energy Star rated programmable auto set back thermostats - a maximum rebate of twenty five dollars (\$25) or 50% of cost of the purchase of one (1) thermostat.
- 2) Low Cost Measures - a maximum rebate of ten (\$10) or 50% of cost of any combination of the maximum purchase of three (3) low flow shower heads/aerators; one (1) energy efficient water heater wrap; one (1) energy efficient hot water pipe insulation five (5) feet in length.
- 3) Residential Energy Star rated natural gas furnaces - a maximum rebate for two hundred dollars (\$200) for the purchase and installation of one (1) Energy Star rated boiler, or two hundred fifty dollars (\$250) for the purchase and installation of one (1) Energy Star rated furnace, or four hundred dollars (\$400) for the purchase and installation of one (1) Energy Star rated combined water heater furnace unit.
- 4) Commercial Energy Star rated natural gas utilization equipment - a maximum rebate for one thousand dollars (\$1000) for the purchase and installation of one (1) Energy Star rated natural gas utilization equipment or 50% of cost.
