

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of a Proposed Experimental)	
Regulatory Plan of Kansas City Power &)	Case No. EO-2005-0329
Light Company)	

TRIGEN-KANSAS CITY ENERGY CORP.'S
APPLICATION TO INTERVENE

COMES NOW Trigen-Kansas City Energy Corp. ("Trigen KC") and respectfully submits its Application to Intervene in this proceeding pursuant to 4 CSR 240-2.075. In support of its Application, Trigen KC states as follows:

On March 28, 2005, Kansas City Power & Light Company ("KCP&L") filed a Stipulation and Agreement. The agreement provides for certain accounting treatments and financing activities, as well as construction timetables and rate filings.

On April 5, 2005, the Commission entered its Order Adding Parties, Directing Notice, Setting Intervention Deadline, and Establishing Protective Order. The Commission established April 19, 2005 as the deadline for interested parties to file application for intervention.

Trigen KC is a corporation organized and existing under the laws of the State of Delaware with principal offices located at 1990 Post Oak Boulevard, Suite 1900, Houston, Texas 77056. Trigen KC is a wholly-owned subsidiary of Trigen Energy Corporation ("Trigen Corp."). Trigen Corp., through its operating subsidiaries similar to Trigen KC, is the operator of a number of steam heating systems throughout the United States similar to the one herein involved. Trigen KC is authorized to provide steam heating service pursuant to

certification granted by the Commission in Case No. HA-90-5, issued on December 29, 1989.

Trigen's services are provided in direct competition to those of KCP&L throughout Trigen's service territory. The appropriate pricing and regulation of KCP&L's services are thus essential to Trigen's continuing viability. Trigen's interests in the proposed experimental regulatory plan and related issues are unique and different from those of the general public. Trigen's interests cannot be adequately represented by any other party. Trigen's expertise in energy matters will assist in fully developing a record in this proceeding and will therefore serve the public interest. Trigen has not yet determined whether it supports or opposes the relief sought by KCP&L but believes the decision on the issues raised may adversely affect Trigen's interests.

All correspondence, pleadings, orders, decisions and communications regarding this proceeding should be sent to:

Respectfully submitted,
