In the Matter of the Small Company Rate Increase Request of Hickory Hills Water & Sewer Company, Inc.

Case No. WR-2006-0250

PRE-LOCAL PUBLIC HEARING INFORMATIONAL FILING REGARDING SMALL COMPANY RATE INCREASE REQUEST

COMES NOW the Staff of the Missouri Public Service Commission ("Staff"), by and through Counsel, and for its <u>Pre-Local Public Hearing Informational Filing Regarding Small</u> <u>Company Rate Increase Request</u> ("Informational Filing") states the following to the Missouri Public Service Commission ("Commission").

1. On December 12, 2005, in accordance with Commission Rule 4 CSR 240-3.635, Hickory Hills Water & Sewer Company, Inc. ("Company") filed a revised tariff sheet to implement the provisions of a *Company/Staff Agreement Regarding Disposition of Small Water Company Rate Increase Request* ("Company/Staff Agreement") between the Company and the Staff, and the instant case was established.

2. On December 15, 2005, the Staff filed the above-referenced Company/Staff Agreement in this case. (Additional documents regarding the Company's rate increase request, including the Company's initial customer notice, have also been filed in the case papers, or were previously submitted to the EFIS tracking file for the request [QW-2006-0002]).

3. On December 23, 2005, the Commission issued its <u>Order Scheduling Local Public</u> <u>Hearing and Directing the Applicant to Send Notice</u> in this case, pursuant to a request filed by the Office of the Public Counsel. In that order, the Commission established January 19, 2006, as the date for a local public hearing in this case, and directed the Company to send notice of the proposed rates resulting from the Company/Staff Agreement, and the local public hearing, to its customers. 4. Consistent with established internal operating procedures that apply to small company rate cases in which the Commission has scheduled a local public hearing, the Staff documents listed below are included in the document that is attached hereto and identified as Appendix A:

Summary of Company's Annual Operating Revenues at Current Rates

Ratemaking Income Statement

Rate Design Worksheet

Summary of Company's Annual Operating Revenues at Proposed Rates

Residential Customer Billing Comparison

Revenue Requirement Audit Workpapers

5. The Staff notes that the customer response summary and copies of customer's correspondence that are normally provided with this type of filing are not being provided since the comment period for the combined Second Customer Notice/Local Public Hearing Notice has not yet ended, and that this information will be included in the Staff's recommendation filing packet.

6. Lastly, the Staff states that the Commission does not need to act on the Company's pending revised tariff sheet until after the Staff files its formal recommendation regarding the Commission's approval of that sheet. The Staff will file that recommendation after the completion of any Commission ordered activities (such as the recently scheduled local public hearing) and/or any additional Staff initiated activities (such as investigations of service-related customer complaints noted at the local public hearing). However, consistent with the established internal operating procedures that apply to small company rate increase cases, the Staff will file its formal recommendation at least seven (7) working days prior to the current proposed effective date for the pending revised tariff sheet, unless some action is taken to suspend/extend that date.

WHEREFORE, the Staff respectfully submits this Informational Filing for the Commission's information in this case.

Respectfully Submitted,

/s/ Keith R. Krueger
