Service Areas

Case No. WR-2007-0216, et al.

ORDER GRANTING INTERVENTION

ISSUE DATE: January 25, 2007 **EFFECTIVE DATE:** January 25, 2007

On December 15, 2006, Missouri-American Water Company requested that the Commission approve its water and sewer tariffs that would implement general rate increases. The Commission issued an order suspending the tariff sheets and directing notice on January 3, 2007. In that order, the Commission directed that interested parties should file their applications to intervene on or before January 16, 2007.

On January 15, 2007, the Public Water supply District Nos. 1 and 2 of Andrew County, Missouri and Public Water Supply District No. 1 of DeKalb County, Missouri ("Water Districts") filed an application to intervene. No objections to the intervention were received.

The Commission finds that the request for intervention is in compliance with Commission Rule 4 CSR 240-2.075. The Commission further finds that the intervenors have an interest in this proceeding that is different from that of the general public. The Commission shall grant the Water Districts' request to intervene. The Water Districts are directed to comply with the procedural orders of this case.

IT IS ORDERED THAT:

- The Public Water supply District Nos. 1 and 2 of Andrew County, Missouri
 and Public Water Supply District No. 1 of DeKalb County, Missouri's Application to
 Intervene is granted.
 - 2. The Data Center shall add the Water Districts as parties to this case.
 - 3. The Water Districts shall comply with the procedural orders of this case.
 - 4. This order will become effective on January 25, 2007.
