Missouri Public
Service Commission**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**In the Matter of the Small Company Rate Increase)
Request of Evergreen Lake Water Company, Inc.)Case No. WR-2006-0131
Tariff No. JW-2006-0233**MISSOURI DEPARTMENT OF NATURAL RESOURCES'**
STATEMENT OF COMPLIANCE FOR EVERGREEN LAKE WATER COMPANY

The Department of Natural Resources (the Department) has documented total coliform microbiological exceedances for Evergreen Lake Water Supply (water supply) several time in the past. Specifically, these exceedances were documented in September 1999, November 2001, October 2003, and November 2003. However, the Department does not currently have any enforcement/compliance action against the water supply since the Department does not consider the water supply to be in significant non-compliance or a threat to public health or the environment at this time. The water supply is required to sample for several parameters, including total coliform. The results of these samples are submitted to the Department. If the Department finds additional exceedances of any parameter that may warrant further action to protect public health or the environment, it will take such action as appropriate to bring the water supply into compliance.

Respectfully submitted,

Kurt U. Schaefer, Missouri Bar #45829
Deputy Director and General Counsel
Missouri Department of Natural Resources
