NOTICE CLOSING FILES

Issue Date: May 31, 2013

These files were opened when two groups of small rural telephone companies asked the Commission to open an investigation to examine call routing and call completion problems in this state. The Commission responded to those requests by opening File No. TW-2012-0112 and directed its Staff to conduct its investigation in that case. Because Staff's investigation would proceed in the TW case, the Commission closed these files.

On May 31, 2013, Staff filed a request for comment in all three files, causing the closed TO and IO files to reopen in EFIS. Staff's investigation is proceeding in the TW case and no additional filings should be made in the closed TO and IO files. Therefore, the Commission will reclose File Nos. TO-2012-0104 and IO-2012-0106.
