

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

Application of Fidelity Communications )	
Services I for Approval of a Traffic )	
Termination Agreement under the )	Case No. TO-2006-0242
Telecommunications Act of 1996 )	

**STAFF RECOMMENDATION**

**COMES NOW** the Staff of the Missouri Public Service Commission (Staff) and for its recommendation respectfully states:

1. In the attached Memorandum, labeled Appendix A, the Staff recommends that the Missouri Public Service Commission grant approval of the Agreement characterized as a “Traffic Termination Agreement” between Fidelity Communications Services I and United States Cellular Corporation (the “Agreement”), filed by Fidelity Communications Services I under the provisions of the federal Telecommunications Act of 1996.

2. The terms of the Agreement do not discriminate against telecommunications carriers not a party to the Agreement and are not against the public interest, convenience or necessity. Pursuant to 47 U.S.C. §252(e), the Commission is to approve a negotiated interconnection agreement unless the terms of the agreement discriminate against a telecommunications carrier not a party to the agreement, or implementation of the agreement or any portion thereof is inconsistent with the public interest, convenience, or necessity.

3. Staff further states that Fidelity Communications Services I submitted this negotiated Agreement pursuant to Section 252 of the Telecommunications Act of 1996, and characterized the Agreement as a “Traffic Termination Agreement.” Staff can find no reference in Section 252 to “Traffic Termination Agreement.” Consequently, Staff recommends the Commission issue an Order approving a wireless “interconnection agreement” and not an Order approving “Traffic

Termination Agreement.” The Commission has addressed this topic in a series of proceedings, consolidated for argument with the lead case of *Application of Kingdom Telephone Company for Approval of a Traffic Termination Agreement under the Telecommunications Act of 1996*, Case No. IO-2003-0201, and found the classification of “traffic termination agreement” to be nonexistent. *See, e.g.,* Order Denying Motion for Correction, *In the Matter of the Application of Craw-Kan Telephone Cooperative for Approval of a Traffic Termination Agreement Under the Telecommunications Act of 1996*, Case No. IK-2003-0245 (Sept. 25, 2003).

**WHEREFORE**, because the terms of the Agreement satisfy the standard set forth in 47 U.S.C. §252(e), Staff recommends the Commission approve the Agreement as a Wireless Interconnection Agreement and direct the parties to submit any future modifications or amendments to the Agreement to the Commission for approval.

Respectfully submitted,

DANA K. JOYCE  
General Counsel
