ORDER DIRECTING NOTICE, ESTABLISHING TIME FOR FILING REQUESTS TO INTERVENE, ESTABLISHING TIME FOR FILING RECOMMENDATIONS, AND GRANTING MOTION FOR EXPEDITED TREATMENT

Issue Date: July 3, 2008   Effective Date: July 3, 2008

This order directs that notice of this case be sent to all certificated interexchange and basic local exchange telecommunications companies in the state of Missouri and to the North American Numbering Plan Administrator. The order also establishes dates for the filing of requests to intervene, for the filing of recommendations, and granting the motion for expedited treatment.

On July 2, 2008, Southwestern Bell Telephone Company d/b/a AT&T Missouri, filed an application and Motion for Expedited Treatment under 47 C.F.R. 52.15(g)(3)(iv) requesting that the Missouri Public Service Commission review and reverse a decision of the North American Numbering Plan Administrator (NANPA), NeuStar, Inc., to withhold certain numbering resources from AT&T Missouri. The numbering resources AT&T Missouri requested consist of one thousands-block within the NPA-NXX of 573-629, in the Hannibal (HNBLMOACDSA) rate center, and within the XXXX range of 4000-4999 from

which eight hundred (800) sequential telephone numbers can be drawn to meet Hannibal-LaGrange's needs. The numbering resources are needed in order to enhance the 911-related telecommunications capabilities in the Hannibal-LaGrange College student housing on campus in order to better identify the student's location.
