Case No. WA-2006-0480, et al.

**INTERVENORS' REQUESTS TO THE COMMISSION, FOR A REGULATORY
LAW JUDGE TO BE PRESENT AS A NEUTRAL MODERATOR FOR THE
PREHEARING CONFERENCE, AND CLARIFICATION REGARDING THE
PREHEARING CONFERENCE**

The following intervenors, being represented by their signatures below, respectfully request the Commission, that an available regulatory law judge be present during the proceedings of the early prehearing conference, scheduled for September 20, 2006.

This Case No. WA-2006-0480, et al., was created by the filing of the "Application," for a Certificate of Convenience and Necessity by the Big Island Water and Sewer Co., Inc. Congruent parts of this application include the "Asset Transfer Agreement," and the "Feasibility Study."

Intervenors have filed with the Commission in this case, numerous requests to reject the "Application," and deny certification to BIWS Co. These filings, with documentation as evidence to support the matters of issue and concern, have noted several incorrect statements, conflicting information, and discrepancies within the language of these documents.

Since the "Application," is the reason for the prehearing conference, and because all documents associated with the "Application," (including the "Application" itself), have been written by the entity requesting certification, and anticipating that one or more of these documents will be a topic of discussion at the conference, the intervenors recognize the need for a "neutral moderator" in this situation.

Intervenors very respectfully request the Commission:

- 1. An available regulatory law judge be present during the prehearing Conference, to act as a "neutral moderator."**
- 2. Clarification and/or instruction from the Commission, regarding any necessary and/or required preparation by the intervenors, for presentation at the prehearing conference.**

Respectfully submitted,
