Issue Date: June 13, 2007

Effective Date: June 13, 2007

This order directs that notice of this case be sent to all certificated interexchange and basic local exchange telecommunications companies in the state of Missouri and to the North American Numbering Plan Thousands-Block Pooling Administrator. The order also establishes dates for the filing of requests to intervene, for the filing of recommendations, and granting the motion for expedited treatment.

On June 6, 2007, Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri, filed an application and Motion for Expedited Treatment under 47 C.F.R. 52.15(g)(3)(iv) requesting that the Missouri Public Service Commission review and reverse a decision of the North American Numbering Plan Thousands-Block Pooling Administrator (NANPA), NeuStar, Inc., to withhold certain numbering resources from AT&T Missouri. The numbering resources AT&T Missouri requested consist of a single thousands-block within the NPA-NXX of 636-461, in the Imperial rate center, and within the XXXX ranges of 3000-

3999, 4000-4999, 5000-5999, 6000-6999, 7000-7999, 8000-8999, 9000-9999, from which one hundred (100) sequential telephone numbers can be drawn in order to meet the needs of Boemler Chevrolet in Arnold, Missouri. AT&T Missouri requested the Commission grant any other suitable numbering resources that meet Boemler's needs if the requested numbering resources are unavailable. The numbering resources are required in order to upgrade Boemler's telecommunications system and facilities to subscribe to SmartTrunk® service for its voice and data communications.

The Commission concludes that good cause has been shown pursuant to 4 CSR 240-2.080(16). The Commission finds that proper persons should be allowed to file a request for intervention or a motion for hearing. Therefore, the Commission will set a time for interventions as directed below. The Commission will also direct its Data Center to send a copy of this order to each certificated interexchange and basic local exchange telecommunications company in Missouri. In addition, the Data Center shall send a copy of this order to the North American Numbering Plan Thousands-Block Pooling Administrator, NeuStar, Inc.

The Commission will also direct its Staff to file a recommendation and will establish a date by which any other party wishing to respond must file a recommendation.

**IT IS ORDERED THAT:**
