1	JUDGE JONES: This is Case Number
2	WR-2015-0301, Missouri-American Water Company's Request
3	for a General Rate Increase, and this is our first
4	discovery conference. Staff has filed a notice. And
5	Missouri-American, I won't say objects, but takes issue
6	with Staff's request.
7	I'm not sure how to get this started, but I
8	do want to ask this: This seems like a pretty general
9	issue that's come up before in other cases, hasn't it?
10	Or is that just my memory failing me, as far as Staff
11	wanting to have get information about a parent company
12	because the company that's regulated
13	MR. THOMPSON: It comes up frequently.
14	JUDGE JONES: Okay.
15	MR. COOPER: Certainly that part, Your Honor,
16	has come up before, yes.
17	JUDGE JONES: Okay. Oh, let me back up and
18	take entries, starting with Laclede I mean,
19	Missouri-American Water Company.
20	MR. COOPER: Dean Cooper from the law firm of
21	Brydon, Swearengen & England, PC, appearing for
22	Missouri-American Water. And then also on the telephone
23	is Timothy Luft of Missouri-American Water Company.
24	JUDGE JONES: And the Office of the Public
25	Counsel.

1	MS. BAKER: Thank you. Christina Baker,
2	appearing on behalf the Office of the Public Counsel and
3	the customers.
4	JUDGE JONES: And the Staff of the
5	Commi ssi on?
6	MR. THOMPSON: Kevin Thompson for the Staff
7	of the Missouri Public Service Commission, Post Office
8	Box 360, Jefferson City, Missouri 65102.
9	JUDGE JONES: And any other parties present?
10	Okay. On my left first.
11	MR. WENZEL: Keith Wenzel with the law firm
12	of Spencer Fane on behalf of the City of Riverside.
13	JUDGE JONES: And you, sir.
14	MR. DOWNEY: Edward Downey, Brian Cave, on
15	behalf of the Missouri Industrial Energy Consumers.
16	JUDGE JONES: And I'm at the outset I'm
17	going to ask do you all have a specific interest in this
18	di scovery conference or are you here are you
19	participating or are you listening?
20	MR. DOWNEY: For the MIEC, both.
21	JUDGE JONES: Okay.
22	MR. WENZEL: And for the City of Riverside,
23	both.
24	JUDGE JONES: Okay. All right. So and
25	you

1 MR. ANTAL: Judge? 2 JUDGE JONES: Yes. 3 MR. ANTAL: Sorry to interrupt, but I'm here 4 representing the Division of Energy. 5 JUDGE JONES: Okay. Thank you. And did you 6 already give the court reporter your entry? 7 MR. ANTAL: Yes. Alex Antal. 8 JUDGE JONES: Okay. Sorry, Alex. 9 MR. ANTAL: It's quite all right. JUDGE JONES: I'm used to seeing you with 10 Staff. 11 12 So, like I said, there is an issue that's 13 come up -- comes up frequently, and it's still not 14 resol ved. That's what I don't understand. I mean, how 15 has the Commission treated it in the past, and why do you 16 think they're going to do anything different? That's to 17 anybody who has the answer to that question. 18 MR. COOPER: Yeah, I guess I would agree with 19 your earlier statement, Your Honor, that I'm not sure 20 that it's been -- there's real clear ultimate guidance on 21 the question, because you're right, it comes up. I think 22 it ends up being worked out many times. It -- I think it 23 differs from case to case, to a certain extent. I don't 24 know that there's a firm answer in terms of that. 25 I guess what I would call the -- kind of the

possession, custody, or control issue, whether --1 2 whether Missouri-American, as the operating company and 3 the public utility in the state of Missouri, is deemed to 4 have possession, custody, and control of all documents 5 that its parent or other affiliates -- not even its 6 parent, but other affiliates may -- may possess. 7 JUDGE JONES: 0kay. 8 MR. COOPER: And then, beyond that, I 9 think -- even if you get past that, I think in certain 10 instances there are relevance questions that are valid 11 questions to ask in that context as well, whereas for 12 Missouri-American, all its books and records, at least as 13 far as Staff and OPC, are deemed to be, you know, open 14 and subject to review by those parties. 15 I think when you step beyond 16 Missouri-American, that's not the case. And so even if 17 you say that Missouri-American has possession, custody, 18 and control of those documents, there remains the normal 19 question of, well, is it really relevant to the 20 litigation where it's being requested. 21 MR. THOMPSON: Well, we play this game with a 22 lot of the companies, Judge. And it's kind of, you know, 23 who's got the documents, where are the documents hiding 24 today. I think the reality is is that the operating 25 company can provide whatever's necessary and desirable in

1 order to protect and advance its interests, and we've 2 seen that time and time again. So I don't think 3 Missouri-American would have any particular difficulty 4 acquiring the information from its parent or from its 5 subsid-- its affiliates if it, in fact, wanted to do so. 6 But that's Staff's position. 7 MR. COOPER: I think the question is 8 different than that, though. I mean, the question is not 9 whether, even assuming somebody could -- can provide it; 10 the question is must they provide it when you start to 11 talk about a motion to compel. And so, again, it's a 12 different question. 13 14 15 16 in possession and control.

JUDGE JONES: But, Mr. Cooper, you did frame it that way initially by saying that the issue had something to do with the ability to produce information

MR. COOPER: Right. I mean, for example, I mean, Staff could ask us for information that, you know, that Schnucks has, and we might be able to walk down to Schnucks and provide it. So we could provide it, but I think the question in the discovery context is whether must you provide that information that's not -- not your own information.

JUDGE JONES: Well, but when you talk about possession and control, I take that, without the benefit

of any research, to mean if you possess and control it, 1 2 meaning if you have the information, then the issue 3 becomes whether you must provide it. I mean, am I off 4 the mark with that? 5 MR. COOPER: Well, that's the way we would 6 view it as well. 7 JUDGE JONES: Oh, okay. 8 MR. COOPER: And so information maintained by 9 the parent but not be within Missouri American's possession, custody, or control, for example. 10 11 JUDGE JONES: Well --12 MR. COOPER: Or information maintained by 13 Ohio American or Indiana American. 14 JUDGE JONES: I take that particular issue to 15 mean are you able -- if you're willing to provide it, are 16 you able to provide it? Schnucks may object to you 17 walking down the street and get information. So you may 18 not even be able to provide that, regardless of whether 19 the Commission rules. If the Commission says provide all 20 the information Staff requested, if you're unable to 21 provide it, then you can't comply with that order. So I 22 just want to move past that issue. Either you have it or 23 you don't. If you -- if you -- if you're able to provide 24 25 it, then we move on to the deeper question. But if

1 you're unable to provide it, it doesn't matter what the 2 Commission orders, you can't give it to them; you can't 3 give it to Staff, regardless of what the Commission says. And, I mean, maybe I'm speaking out of turn. 4 5 will -- this will be taken up with the Commission, 6 because it's such a broad issue, and I've got a feeling 7 that it's -- you want to hear what they have to say about 8 this. At least I do. 9 Ms. Baker, I feel like you want to chime in. 10 MS. BAKER: I would certainly agree with 11 Mr. Thompson that, you know, these are -- these are 12 decisions that are being made at the parent American 13 Water level, they're being passed down to the customers 14 of Missouri-American. Information does flow back and 15 forth between Missouri-American and American Water. And 16 so I see no reason why they couldn't ask for certain 17 information from -- from the parent company. 18 For example, one of the ones that we asked 19 for were board meetings of American Water. I have no --20 no reason why that would not be able to be collected by 21 Missouri-American. It's certainly relevant to it because 22 decisions are made for Missouri in those board meetings. 23 So that's -- that's how I feel about that. 24 JUDGE JONES: Your request isn't part --25 MS. BAKER: It is not. It is not. But I do

```
1
    have similar -- similar objections from what has come to
 2
             And so some of them just came in yesterday as
 3
    well.
 4
                 JUDGE JONES: Oh, so this could be an issue
 5
    at a subsequent --
 6
                 MS. BAKER: Yes, yes.
7
                 JUDGE JONES: -- di scovery conference?
8
                 MS. BAKER:
                           Yes.
9
                 JUDGE JONES:
                               0kay.
                                      Does -- at this point
10
    does anyone else -- any other party want to chime in on
11
     this discussion?
12
                        Now, let me ask Staff why is the
                 0kay.
13
    information relevant? Why is it relevant?
14
                 MR. COOPER: Your Honor, and I don't --
                                I think he asked Staff.
15
                 MR. THOMPSON:
16
                 MR. COOPER: I know.
17
                 JUDGE JONES: Hold on a second.
18
                 MR. COOPER: I'm not going to try to answer
19
     the Judge's specific question.
                                     But --
20
                 JUDGE JONES: Go ahead, Mr. Cooper.
                 MR. COOPER: I wonder if it wouldn't be
21
22
    valuable to first kind of identify what DRs are at issue,
23
    because based upon earlier discussion, I don't think that
    all five of the DRs that are identified in Staff's
24
25
    documents remain at issue.
```

```
JUDGE JONES:
                               That's fair. That's fair.
 1
 2
    Let's start with DR 187. That looks to be the first one.
 3
                 MR. THOMPSON: 187 and 189 are still at
 4
    i ssue.
 5
                 JUDGE JONES: So 191 is not?
6
                 MR. THOMPSON: It's my under -- let me
7
    confer.
8
                 Judge, we think that 191 is no longer at
9
    issue, and I have been told that 196 and 197 are no
10
    longer at issue. So for Staff it's only 187 and 189.
11
                 JUDGE JONES: I'll just let the record
12
    reflect that the parties are talking amongst themselves.
13
                 MR. THOMPSON: I think 187 is also resolved.
14
                 JUDGE JONES: So we've --
                 MR. THOMPSON: Just 189.
15
16
                 JUDGE JONES: Well, it sounds -- I mean, the
17
    underlying legal arguments are the same for all of them.
18
                 MR. THOMPSON:
                                Right.
19
                 JUDGE JONES: So I don't understand why 189
20
    isn't resolved. In my golf commentator voice, I'll say
21
     that it looks like 189 may be resolved also.
22
                              Well, I think --
                 MR. COOPER:
23
                 MR. THOMPSON:
                                It's up to you. You've got
24
    the info. If you're going to cough up it, it's resolved.
25
                 MR. COOPER: I don't have the info. But on
```

1 189 the issue that remains there has to do with the 2 Equity Research report side. And the Company has 3 provided those for 2015. The question asked for those 4 reports all the way back to 2010. 5 So beyond sort of the possession, custody, 6 and control issue we talked about before, I think there's 7 both an overly-broad objection as to going back to 2010 8 and really a relevance objection as to what relevance 9 those Equity Research reports have all the way back to 10 2010. 11 What the Company has provided is the most 12 recent, the 2015 information. It's fairly voluminous 13 just for 2015. It's -- you know, it's a 200-page set 14 of -- set of documents. And they're not maintained by 15 the Company. So, you know --16 JUDGE JONES: I can hear you. 17 MR. COOPER: -- trying to track down 18 everything through 2010, providing everything through 19 2010 when certainly we believe it has no relevance to 20 this case --21 JUDGE JONES: Okay. 22 MR. COOPER: -- is the argument, really, on 189. 23 24 JUDGE JONES: Why doesn't the same argument 25 apply to 191? It talks about information back to 2010

1	al so.
2	MR. COOPER: 191 was a little different
3	because there was only a report. The most recent report
4	was in the 2010, 2011 time frame on that one.
5	Mr. Thompson had kind of proposed something
6	to me, and I probably need to go offline to talk to my
7	folks before I can respond to it.
8	MR. THOMPSON: Okay. We're willing to trim
9	down our request a little bit.
10	JUDGE JONES: To what?
11	MR. THOMPSON: To 2012.
12	JUDGE JONES: Does someone on the phone want
13	to say something? I thought I heard someone begin to
14	speak up.
15	MR. RUNGREN: Sure. This is Scott Rungren.
16	Last name spelled R-U-N-G-R-E-N. I'm in the rates
17	department in St. Louis. I'm not exactly sure about the
18	availability of reports prior to 2015. I spoke to our
19	treasury yesterday about this, and it's not as if we have
20	them on a file server somewhere in a cabinet or
21	something. They're just not sure to what extent we can
22	retri eve data pri or to 2015.
23	And I do know that there's that ten
24	analysts that follow the company, the parent company. So
25	it's a rather significant number of reports that are out

1 there somewhere. I just don't know the extent to which 2 we can gather them. 3 MR. THOMPSON: Well, if they don't have 4 them -- I mean, that goes back to do they have them. 5 JUDGE JONES: Right. 6 MR. THOMPSON: If you don't have them, then 7 your answer is we don't have them. If you do have them 8 or can get them, if you understand what I mean, 9 relatively easily, then the question is are you willing 10 to provide them. Right? So if you're willing to provide 11 what you have from 2012 on, we'll call it a day. 12 MR. COOPER: Scott, Tim, did you all hear 13 that? 14 MR. RUNGREN: Yeah, we did. 15 MR. LUFT: Yes. 16 MR. RUNGREN: My impression is that this 17 requires a significant amount of work on the part of the 18 treasury to get this. I'm speaking for them, so I'm not 19 exactly sure how much work is involved. But just from my 20 impression from talking to them, it's not an easy task. 21 And I think in the last case we were asked to go back one 22 year, and we did that. I don't know that we even 23 maintain these back that far. Can we look for them? 24 Yes. I just don't know what's out there, and it could be 25 a large amount of work involved.

1	JUDGE JONES: It sounds like you're trying to
2	raise an issue of time?
3	MR. RUNGREN: Yeah. And I'm somewhat on
4	shaky grounds. I don't know exactly what's involved. I
5	think someone has to go and search and try and find them.
6	MR. COOPER: Yeah, the time issue that Scott
7	was pointing out was Mr. Rungren was pointing out
8	was in the last case I think we went back a year for
9	these. And so that's
10	JUDGE JONES: Okay.
11	MR. COOPER: kind of a timing issue at
12	this point.
13	JUDGE JONES: When was the Last case?
14	MR. COOPER: It was 2010, 2011, yeah.
15	MR. RUNGREN: Yeah. The data request in the
16	last case was submitted in August of 2011, and we were
17	asked to go back to April of 2010.
18	JUDGE JONES: And I take it then that's why
19	Staff's request goes back to whatever happened since the
20	last rate case?
21	MR. THOMPSON: I think that's correct.
22	JUDGE JONES: Okay. Well, I mean, is this
23	something it sounds like you all are on the same page;
24	it's just a matter of whether you can how long it's
25	going to take to get the information, how soon Staff

1	needs it. Okay. Well, nobody's smiling, though. I
2	don't understand that.
3	MR. COOPER: I think there's some unknowns.
4	I think it's going to take some
5	MR. THOMPSON: I'm smiling, Judge.
6	MR. COOPER: It'll take it'll need to play
7	itself out, I think, Your Honor. I mean, I think that's
8	where we are. I mean, given given your instructions
9	or given your statement and Staff's statement, we need to
10	take a look and see what documents we can relatively
11	easily put our hands on.
12	MR. THOMPSON: Right. And this wasn't meant
13	to be obstreperously burdensome.
14	JUDGE JONES: Can you not use words like
15	that, please.
16	Okay. Does any other party have anything
17	that they're concerned about with regard to this dispute?
18	All right. I mean, do you all feel the
19	dispute is resolved? Because we're not going to be able
20	to come back and start rehashing things.
21	MR. COOPER: Well, I don't think you have to
22	waive well
23	MR. THOMPSON: I feel like it's resolved for
24	now. If you're willing to look to see what you can find
25	relatively easily, as you said, and then you're willing

1	to provide whatever that might be, then I think we're
2	willing to say that we will have to be content with that.
3	JUDGE JONES: Okay.
4	MR. COOPER: Mr. Luft, Mr. Rungren, do you
5	have anything that you need to add?
6	MR. RUNGREN: No, I think we were just
7	talking that we're going to have to see how many hours
8	it's going take to go back those prior years and what
9	we're going to hear from treasury what's involved, and we
10	will get back to everyone.
11	JUDGE JONES: Can I make a suggestion? Going
12	forward, like can you all just have a file that says
13	Commission Rate Case File and just put stuff in there
14	that they always ask for; then you can just pull the file
15	out and give it to them?
16	MR. COOPER: They do at Missouri-American.
17	They can't control the parent.
18	JUDGE JONES: Oh, I see. Well, just shoot is
19	up the Ladder and see what happens.
20	All right. Well, with that, then, let's go
21	off the record.
22	Thank you, guys.
23	(Off the record.)
