- (b) grants competitive status to Applicant and Applicant's requested services; and
- (c) waives certain Commission rules and statutory provisions pursuant to Sections 392.420 and 392.361 RSMo, consistent with the Commission's past treatment of other certificated providers of competitive interexchange telecommunications services.

In support of its Application, Applicant states as follows:

1. Applicant BCN TELECOM, INC. is a limited liability company duly organized and existing under and by virtue of the laws of the State of New Jersey and is duly authorized to transact business in the State of Missouri. Applicant is a wholly owned subsidiary of Telecom Acquisition Company, L.L.C. The character of business performed by Applicant is telecommunications services.

4. Questions concerning Applicant's ongoing operations should be directed to Mr. Crocker at the above address and phone number. Questions regarding Applicant's proposed tariff should be directed to Mr. Steinmeier.

5. By this Application, Applicant seeks authority to offer and provide basic local telecommunications service on a facilities-based and resold basis to residential and business customers throughout all the exchanges currently served by Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri (SBC). Applicant intends to provide the proposed services either using the services and facilities of other facilities-based carriers or Applicant's own facilities.

6. Applicant intends to provide basic local exchange telecommunications service on a resold and facilities-based basis, using the unbundled network element platform (UNE-P), throughout all exchanges currently served by the incumbent local exchange telecommunication companies.

Specifically, Applicant seeks to offer and provide all forms of basic local telecommunications service to business, including: (1) Basic Exchange Services, including local exchange flat rate, measured rate service, pre-paid local exchange, operator services, etc.; (2) Custom and Class Features, including call waiting, caller ID, call forwarding, etc.; and (3) Ancillary Services such as 911, directory listing, and directory assistance.

7. Applicant possesses the technical and managerial resources and abilities necessary to provide the services it proposes as required by Section 392.455(1) RSMo. The background and experience of Applicant's management is attached hereto as **Appendix B**.

8. Applicant possesses the necessary financial resources and abilities to provide the services it proposes as required by Section 392.455(1) RSMo Supp. 1997 and has the necessary capital to conduct its proposed operations in Missouri. Applicant will late-file its recent financial statements **Appendix C**. Applicant is seeking a Protective Order from the Commission to enable it to file such statements under seal.

9. Pursuant to this Application, Applicant also seeks classification of itself and its new basic local telecommunications service offerings as competitive, with accompanying reduced regulation pursuant to Sections 392.361 RSMo and 4 CSR 240-3.510(1)(A). Applicant believes that its proposed services will be subject to sufficient competition to justify a lesser degree of regulation and that granting this request will allow greater price and service options for telephone users.

10. Applicant will offer basic local telecommunications service as a separate and distinct service in accordance with Section 392.455 RSMo. Applicant will give consideration to equitable access for all customers in Missouri, without regard to their income or where they might reside, to affordable telecommunications services in Applicant's proposed service areas in accordance with Section 392.455(5) RSMo.

11. Applicant is willing to comply with all applicable Commission rules and is willing to meet all relevant service standards including, but not limited to, quality of service, billing, and tariff filing and maintenance. Consistent with the Commission's treatment of other certificated competitive local exchange telecommunications companies, Applicant requests that, at minimum, the following statutes and regulations for Applicant and its proposed basic local exchange service offerings be waived at this time:

Applicant will promptly file a tariff with a 45-day effective date as soon as possible.

13. Applicant herein states that there are no pending actions or final unsatisfied judgments or decisions against it in any state, federal agency, or court which involve customer service or rates for which action, judgment, or decision has occurred within three (3) years of the date of this Application.
