Date : 3/9/2009

Item	First Name	Last Name	City	State	Public Comments	Staff	Resolution
P200900348	Carl	Meisenheimer	California	MO	I feel the rate increase request of 100% is out of reason. Perhaps a lesser amount would be okay. I would like to see the city of california tke over the system. Thanks, Carl E. Meisenheimer	JMR	Letter sent January 7, 2009.
P200900848	Tina	Bieri	California	MO	I believe that the business of providing water/sewer to customers should not be purely for-profit at the risk of ruining lives by "controlling" people's property values by way of dispensing basic necessities of water/sewer services with only the goal of getting their bills paid while the rest of us suffer by not getting basic life sustaining water & end up paying more for water than electricity! I sit here tonight with no water; not really sure what is going on. Problem: Greedy business owner.	JMR	Letter sent January 7, 2009.
Letter	Bud	Parry	California	MO	See attached.	JMR	Letter sent January 7, 2009.

UTILITY OPERATIONS
DIVISION

For years prior to June of 2006 the Hickory Hills Water and Sewer Co. Inc. totally ignored directives from DNR for the lagoon to become compliant with current DNR regulations. Deadlines came and went, fines were to be assessed if deadlines were not met and yet nothing was accomplished.

Now after years of the owner allowing the lagoon to deteriorate even with the threat of fines, we, the consumers may be facing the responsibility for bringing the lagoon into compliance.

It is our understanding that Mr. Clifford remains the sole owner of the entire company, including the lagoon, and yet we may have to "fix his mess". There is something seriously wrong with this picture.
