File No. CO-2013-0023

AMENDED ORDER GRANTING CERTIFICATE TO PROVIDE BASIC LOCAL TELECOMMUNICATIONS SERVICES

Issue Date: September 14, 2012

Effective Date: September 14, 2012

On September 11, 2012, the Commission issued an Order Granting Certificate to Provide Basic Local Telecommunications Services. On September 13, 2012, the Commission's Staff filed a Recommendation.

In that Recommendation, Staff stated that it inadvertently failed to include language in its prior Recommendation. That language would have recommended excusing TCG St. Louis from filing tariffs prior to providing telecommunications services in the new exchanges.

This order amends the Commission's September 11, 2012 order, and states that TCG St. Louis need not file tariffs prior to providing telecommunications services in the new exchanges. In all other respects, the Commission's September 11, 2012 order remains in full force and effect.

THE COMMISSION ORDERS THAT:

1. The Commission's September 11, 2012 Order Granting Certificate to Provide Basic Local Telecommunications Services is amended as stated above.

2. This order shall be effective upon issuance.
