MAIN EXTENSION AND CONSOLIDATED TARIFFS**

Issue Date: July 5, 2011

Effective Date: July 5, 2011

The Missouri Public Service Commission is ordering that any further filings regarding main extensions and consolidated tariffs shall be made in Missouri-American Water Company's separate pending rate action. On July 1, 2011, the Main Extension Collaborative Group and the Consolidated Tariff Collaborative Group filed a final report. The final report included illustrative tariffs addressing the issues assigned to those groups respectively.¹ Also on July 1, 2011, the City of Joplin filed a separate notice stating that the recent tornado had prevented its review of collaborative group efforts and reserving comment on the illustrative tariffs for the rate action. The Commission will order no further reports from those groups and will direct that any further filings regarding main extensions and consolidated tariffs shall occur in the pending rate action.

THE COMMISSION ORDERS THAT:

1. No further status report is due from the Main Extension Collaborative Group and from the Consolidated Tariff Collaborative Group in this File No. WR-2010-0131.

¹ By order dated June 16, 2010.

2. Any further tariff filings regarding main extensions and consolidated tariffs for Missouri-American Water Company shall be made in the rate action pending in File No. WR-2011-0337.

3. This order is effective immediately on issuance.
