

The Office of the Public Counsel,
An Agency of the State of Missouri,
Complainant,

File No. WC-2015-0291

File No. SC-2015-0292

Staff then filed a response and motion to consolidate these cases with other currently pending complaint cases (File Nos. WC-2015-0290; WC-2015-0288; and SC-2015-0289). In its motion, Staff argues that the complaints filed by OPC present common questions of law and similar fact scenarios. Staff requests that the Commission either hold the complaints in abeyance pending the outcome of the associated CCN cases or consolidate these cases to facilitate their management. Respondents filed a timely response stating that it supports Staff's response and motion to consolidate these cases with Staff's earlier complaint against TUK (File No. WC-2015-0124). OPC did not file a reply. The Commission has yet to issue an order on Staff's motion.

On June 8, Respondents filed their *Motion to Suspend Schedule*. Respondents state that TUK, LLC, is a small system that provides water and sewer service to between 22 and 18 homes, as well as a single mobile home park and 3 duplex apartments. Respondents also point out the extraordinary fiscal burden placed on TUK, LLC, from multiple litigation, when the system receives less than \$15,000.00 on an annual basis. Finding Respondents' position persuasive, the Commission will suspend the schedule in the above-captioned cases. Suspending the schedule in these cases may prevent unnecessary or duplicative work by the parties until such time as the Commission issues an order on Staff's motion to consolidate or on TUK, LLC's application for a CCN.

THE COMMISSION ORDERS THAT:

1. The deadlines set by the Commission in its May 7, 2015 order are hereby suspended until ordered otherwise.
2. This order shall be effective when issued.
