

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of the Request for Increase in Annual Water and Sewer System Operating Revenues for Terre Du Lac Utilities

Case No. WR-2017-0110

MOTION FOR EXTENSION

COMES NOW the Staff of the Missouri Public Service Commission (Staff), by and through counsel, and for its *Motion for Extension* in this matter hereby states:

1. Terre Du Lac Utilities filed its *Request for Increase in Annual Water and Sewer System Operating Revenues* October 11, 2016. Presently the parties are required to file a disposition agreement by April 24, 2017, pursuant to the Small Rate Case Timeline set forth in 4 CSR 240-3.050(11). The parties to this matter have met twice to discuss settlement negotiations, but have been unable to reach consensus on a few outstanding issues.

2. Under 4 CSR 240-3.050(12) Staff and the Company can agree to extend the dates applicable to a small utility rate case up to 60 days from those mandates set out in 4 CSR 240-3.050. Staff and the Company previously extended the timeline by 45 days.

3. Staff and Terre Du Lac have come to a mutual agreement as to a final extension. The Office of the Public Counsel has stated that it is unopposed. Therefore, Staff requests an extension of the small rate case timeline Day 150 requirement of 15 days. This extension would move the Day 150 requirement to May 9. A revised timeline is attached to this *Motion*.

WHEREFORE, Staff prays that the Commission will approve this *Motion for Extension* and order the filing date be extended by 15 days; and grant such other and further relief as the Commission considers just in the circumstances.

This section pertains to the situation where only the Utility and Staff reach an agreement on the overall disposition of the request, and is thus based on the fact that the Utility will send out a second customer notice. This section is also based on the assumption that the OPC will request a local public hearing and that one will be held. In this situation, a minimum of 45 days is needed between the filing date and the proposed effective date of the Utility's tariff revisions. The dates shown assume that the Utility will make a 45-day tariff filing on Day 155. The dates also assume that the tariff revisions will be suspended for 45 days past the proposed effective date, and that the local public hearing will be held 30 days before the end of the suspension period.
