Dear Mr. Mills:

Missouri State Operating Permit number MO-0126098 which became effective August 1, 2013, and later modified on September 29, 2016, is hereby modified as per the enclosed. The modification is to transfer ownership of the operating permit from Caring American Trust Foundation INC to Carriage Oaks Not For Profit Water and Sewer Company. There are no other changes to the permit. The enclosed permit is for your official record.

Please read your permit and enclosed Standard Conditions. They contain important information on monitoring requirements, effluent limitations, sampling frequencies and reporting requirements. The transfer of this operating permit is not to be construed as a permit or authorization to provide sewer services under Chapter 393, RSMo. The Missouri Department of Natural Resources did not receive information required by section 393.825.3., namely articles of incorporation in conjunction with company bylaws, to ascertain their compliance with the statutory requirements outlined in sections 393.825 to 393.861, RSMo.

This permit may include requirements with which you may not be familiar. If you would like the department to meet with you to discuss how to satisfy the permit requirements, an appointment can be set up by contacting your local regional office at 417-891-7300. These visits are called Compliance Assistance Visits and focus on explaining the requirements to the permit holder.

This permit is both your federal discharge permit and your new state operating permit and replaces all previous state operating permits for this facility. In all future correspondence regarding this facility, please refer to your state operating permit number and facility name as shown on page one of the permit.

If you were adversely affected by this decision, you may be entitled to an appeal before the Administrative Hearing Commission (AHC) pursuant to 10 CSR 20-1.020 and Section 621.250, RSMo. To appeal, you must file a petition with the AHC within thirty days after the date this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the AHC. Contact information for the AHC is: Administrative Hearing
