INITIAL CUSTOMER NOTICE

1 December 2016

Dear Customer:

Missouri Public
Service Commission

On November 14, 2016, the Stockton Hills Water Company (Company) submitted a request for increases in the annual water operating revenues to the Missouri Public Service Commission (Commission). The reason for the revenue increases is to recover expenses associated with investments in the utility including construction of a new well, installation of a back-up generator, a safety climbing cable, and security fence, as well as increases in operation and maintenance costs such as insurance.

By its request, the Company is seeking changes to its customer rates intended to generate an increase in its annual water operating revenues of \$45,236 (approximately 126%). At the end of this notice is a table that compares the Receiver's current residential customer rates and the proposed residential rates.
