## ORDER CHANGING EXHIBIT CLASSIFICATION

Issue Date: May 27, 2016

Effective Date: May 27, 2016

On May 23, 2016, the Commission issued an order setting a deadline for any party to request a different classification for OPC Ex. 7, which had been marked but not offered or admitted during the evidentiary hearing. On May 25, 2016, Hillcrest Utility Operating Company, Inc. requested that the exhibit be classified as “proprietary” under Commission rule 4 CSR 240-2.135 because the document identifies detailed transactions representing work conducted by a privately-owned entity. No other party has responded or commented on the classification of the exhibit. The Commission finds the request reasonable and will direct its Data Center to change the classification of the exhibit.

### THE COMMISSION ORDERS THAT:

1. The Commission’s Data Center shall change the classification of OPC Ex. 7 from a public record to “Proprietary”.

2. This order shall be effective when issued.
