The accompanying tariff sheets issued by Union Electric Company d/b/a AmerenUE ("AmerenUE" or the "Company"), are being transmitted to you for filing as a revision of Schedule No. 2, Schedule of Rates for Gas Service:

Filed

4th Revised Sheet No. 78
3rd Revised Sheet No. 79
2nd Revised Sheet No. 80
2nd Revised Sheet No. 81

Canceling

3rd Revised Sheet No. 78
2nd Revised Sheet No. 79
1st Revised Sheet No. 80
1st Revised Sheet No. 81

These sheets are being issued August 31, 2006 to become effective on or after October 1, 2006.

The purpose is to reinstitute AmerenUE's Missouri Energy Efficient Natural Gas Equipment Program with some changes from the previous program. The changes include the removal of some residential improvements from the list of those eligible for rebates, reduction of rebate amounts, and a change in the overall dollar amount available for the program. There is also an organizational change which moves some of the definition items to another section of the tariff. The program will conclude the earlier of April 1, 2007 or when funds for this program have been used.

The program encourages more effective utilization of natural gas and encourages energy efficiency improvements by replacing inefficient natural gas equipment with high efficient Energy Star® Rated natural gas equipment. The Company's participation is limited to funds allocated for that purpose by the Residential and Commercial Energy Efficiency Collaborative pursuant to the Stipulation and Agreement approved by the Missouri Public Service Commission in Case No. GR-2003-0517.

Sincerely,

Steven R. Sullivan
