On February 27, 2015, Missouri-American Water Company filed a petition asking the Commission to promulgate a new rule to establish a revenue decoupling mechanism for use by water and sewer corporations. The Commission denied that motion on April 22, but indicated it would open an investigative case to further explore the issue. The Commission has now opened that investigative case in File No. AW-2015-0282. No further Commission action is required in this case and it shall be closed.
