VERIFIED APPLICATION OF LACLEDE GAS COMPANY

COMES NOW Laclede Gas Company ("Laclede" or "Company"), pursuant to Sections 393.190 and 393.200 RSMo, and 4 CSR 240-2.060 and 3.220 of the Commission's Rules, and in support of its Verified Application for authority to issue and sell first mortgage bonds, unsecured debt and preferred stock, to issue common stock and receive capital contributions, to issue or accept private placements of preferred stock, first mortgage bonds and unsecured debt, and to enter into capital leases, all in a total amount not to exceed \$600 million, respectfully states as follows:

1. Laclede is a public utility incorporated under the laws of the State of Missouri, with its principal office located at 720 Olive Street, St. Louis, Missouri 63101. Contact information for communications with Laclede, through the Company's legal counsel, including Laclede's electronic mail address, fax number and telephone number, are set forth on the signature page of this Application.

2. A Certificate of Good Standing evidencing Laclede's standing to do business in Missouri is attached hereto as Exhibit 1, and incorporated herein by this reference. The information on such Certificate is currently applicable and correct.

3. Laclede is primarily engaged in the business of distributing and transporting natural gas to customers in the City of St. Louis and the Counties of St. Louis, St. Charles, Crawford, Jefferson, Franklin, Iron, Ste. Genevieve, St. Francois, Madison, and Butler in Eastern Missouri, as a gas corporation subject to the jurisdiction of the Missouri Public Service Commission (the "Commission").

4. Other than cases that have been docketed at the Commission, Laclede has no pending actions or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or rates.

5. Laclede is current on its annual report and assessment fee obligations to the Commission, and no such report or assessment fee is overdue.

6. Laclede currently has on file with the Securities and Exchange Commission ("SEC") a registration statement (the "Registration Statement") in an amount not to exceed \$350,000,000. The Registration Statement registers only first mortgage bonds ("Public Bonds"), unsecured debt instruments ("Public Debt"), and preferred stock ("Public Preferred Stock") to be issued in public offerings. As discussed below, the Registration Statement does not register common stock or leases and does not encompass private placement of preferred stock, first mortgage bonds or unsecured debt. The Public Bonds, Public Debt and Public Preferred Stock are referred to herein as the "Registered Securities." Pursuant to the Registration Statement, any subsequent registration statements that may be filed by the Company, and the authority requested herein, Laclede contemplates issuing, selling, entering into or accepting financing instruments as described herein at one time, or from time to time, in a total amount not to exceed \$600,000,000.

7. In addition to the Registered Securities, Laclede also contemplates that at one time, or from time to time, it will obtain equity by issuing common stock to and/or receiving paid-in capital (references to "Common Stock" herein shall include the receipt of paid-in capital) from The Laclede Group, Inc. ("LGI"). The transactions in Common Stock are not registered with the SEC. Laclede further contemplates that it will obtain capital at one time, or from time to time, by privately placing preferred stock ("Private Preferred Stock"), first mortgage bonds ("Private Bonds") or unsecured debt ("Private Debt") (collectively, the "Private Placement Securities") and/or by entering into capital leases with other entities to finance the acquisition of plant or equipment to be used in the performance of its public utility obligations ("Capital Leases").

8. Laclede contemplates that Registered Securities, Common Stock, Private Placement Securities and/or Capital Leases shall be issued or entered into during a three-year period beginning on the effective date ("Effective Date") of the Commission's order approving the authority requested herein, and shall be subject to the conditions contained in such order. Laclede requests that such Effective Date be established as of August 31, 2009, or as soon thereafter as reasonably practicable.

9. The financial statements of Laclede as of March 31, 2009, in the form as required in Commission Rule 4 CSR 240-3.220(1)(E), are attached hereto and made a part hereof, as Exhibit 2.

10. Attached hereto as Exhibit 3 is a five (5) year capitalization expenditure schedule, as required in Commission Rule 4 CSR 240-3.220(1)(G).

11. Laclede intends to sell the Registered Securities or Private Placement Securities: (a) through underwriters or dealers; (b) through agents; and/or (c) directly to a

limited number of purchasers or to a single purchaser. If the securities are sold by competitive bidding, Laclede reserves the right to reject all bids. Laclede will file the applicable sales documents with the Commission when they are executed and the securities issued. The specific amount of each type of Registered or Private Placement Securities to be issued and sold (if any), the actual price to be paid for such securities, and the compensation to be paid to any person who assists in such sales, such as an underwriter, dealer or agent, will be determined in light of the financial market conditions at or preceding the offering of such securities.

12. The terms and conditions applicable to the securities, and the manner of their issuance, will vary depending on the type of security being issued.

13. The Registered Securities, Common Stock, Private Placement Securities and Capital Leases shall be issued or entered into pursuant to the following terms and conditions:

A. PUBLIC OR PRIVATE BONDS

A copy of the Subject Supplemental Indentures will be subsequently filed by the Company when they are finalized and the Bonds issued. ¹ The specific Commission cases pertaining to the Original Indenture and the First and Second Supplemental Indentures could not, for the purpose of the Application made in Case No. GF-86-130, be identified; therefore, one copy of each such Indenture was attached to the original copy of the Application in Case No. GF-86-130, and a part thereof, and each such Indenture is incorporated in this Application by reference.

In addition to the terms referred to in the Original Indenture, and in the Subject Supplemental Indentures, certain additional terms will apply to all or some of the Public or Private Bond issuances and will be established on the basis of prevailing market conditions on or prior to the date of the offering of the Bonds. The additional terms listed in (i) through (iv) below shall apply to all Bonds:

(i) Security.

The Bonds will be issued under the Original Indenture and Subject Supplemental Indentures between Laclede and the Trustee to be dated as of a date or dates not now known.

(ii) Price.

The Bonds will be sold at prices not less than 95% nor more than 105% of their principal amount.

(iii) Interest Rate.

The interest rate on any Bonds will not exceed a rate equal to the greater of 400 basis points above the yield on a United States Treasury security with a comparable maturity at the time of the issuance of the Bonds, or a rate that is consistent with similar securities of comparable credit quality and maturities issued by other issuers. Each series of the Bonds may have its own interest rate.

(iv) Maturity.

The maturity of any series of Bonds will not be more than sixty (60) years from the date of issuance of the Bonds. Each series of the Bonds may have its own maturity date.

The additional terms listed in (a) through (e) below may be applied to one or more of the series of the Bonds:

(a) Sinking Fund.

Some or all of the Bonds may provide for an annual Sinking Fund that would begin at any time following the year of issuance of such Bonds, and could, for example

(depending on term and amount), be sufficient to redeem approximately 90% of such Bonds prior to maturity.

- (b) General Redemption Price (on redemption at Laclede's option at anytime).

Some or all of the Bonds may provide for general redemption at prices that shall be determined by Laclede in accordance with prevailing market conditions on or prior to the date of the public offering of such Bonds.

- (c) Restriction on General Redemption.

Some or all of the Bonds may provide that none of such Bonds may be redeemed under the general redemption provisions, unless the date fixed for redemption is on or after a specified date, if the redemption is for the purpose of refunding such Bonds through the use of funds borrowed at an effective interest cost to the Company less than the effective interest cost of such Bonds.

- (d) Special Redemption Price (for certain redemptions by reason of specified maintenance and improvement fund and sinking fund payments, if any, or following certain eminent domain proceedings).

Some or all of the Bonds may provide for special redemption prices as may be established by the Company for any redemption, which may, for example, be the principal amount of the Bonds being redeemed, plus accrued interest to the date fixed for such redemption, with no premium (or with such premium) as may be fixed by Laclede prior to the date of the public offering of the Bonds.

- (e) Other Options.

Laclede may specify that the holders of a series of Bonds have the option to require Laclede to repurchase or redeem the Bonds under certain circumstances or on certain dates. Any other options reserved by Laclede or allocated to the holders of a series of Bonds that are not inconsistent with the Indenture may be specified.

B. PUBLIC OR PRIVATE DEBT

The Public or Private Debt will be created and issued pursuant to one or more indentures (“Indentures”). Copies of the Indentures will be subsequently filed by the Company with the Commission when executed and the Debt issued. In addition to the terms contained in the Indentures, there are certain additional terms that will apply to all or some of the Debt issuances and that will be established on the basis of prevailing market conditions at or prior to the time of the offering of the Debt. The additional terms listed in (i) through (iii) below shall apply to all Debt:

(i) Price.

The Debt will be sold at prices not less than 95% nor more than 105% of its principal amount, unless it carries a 0% interest coupon, in which case a lower discounted sale price may be determined.

(ii) Maturity.

The final maturity of the Debt will be more than 270 days, but not more than sixty (60) years, from the date of issuance. Each series of Debt may have its own maturity date.

(iii) Interest Rate.

If a fixed rate, the interest rate will not exceed a rate equal to the greater of 400 basis points above the yield on a United States Treasury security with a comparable maturity at the time of the issuance of the Debt or a rate that is consistent with similar securities of comparable credit quality and maturities issued by other issuers. If a variable rate, the basis for determining the interest rate will be defined at the time of issuance, along with any maximum or minimum interest rates that may be specified for that series; provided, however, that the initial interest rate will not exceed a rate equal to the greater of 400 basis points above the yield on a United States Treasury security with a maturity comparable to the period that the initial interest rate would be in effect, or a rate that is consistent with

similar securities of comparable credit quality and maturities issued by other issuers. Each series of Debt may have its own interest rate.

The additional terms listed in (a) through (c) below may apply to one or more series of Debt:

(a) Early Redemption.

Laclede may specify any right to redeem the Debt on or after specified dates at prices to be determined by Laclede in accordance with market conditions at the time of issuance of that series of Debt.

(b) Sinking Fund.

Laclede may provide for an annual Sinking Fund which, if any, may begin at any time following the year of issuance of such series of Debt.

(c) Other Options.

Laclede may specify that the holders of a series of Debt have the option to require Laclede to repurchase or redeem the Debt under certain circumstances or on certain dates. Any other options reserved by Laclede or allocated to the holders of a series of Debt that are not inconsistent with the Indenture may be specified.

C. PUBLIC OR PRIVATE PREFERRED STOCK

Laclede presently has 1,480,000 shares of Preferred Stock authorized with a par value of \$25 per share. As of May 1, 2009, there were no shares of Preferred Stock issued and outstanding. Laclede proposes to issue and sell at one time, or from time to time, Public or Private Preferred Stock. The specific number of shares of Public or Private Preferred Stock, the price to be paid to Laclede for such shares, the par value, and the compensation to be paid to the Underwriters for their commitments in selling the shares of Public or Private Preferred Stock to the public or other entities, will

be established on the basis of prevailing market conditions on or prior to the date of any such issuance, and will be subject to approval by further action of Laclede's Board of Directors.

The additional terms listed in (i) through (iii) below shall apply to Public and Private Preferred Stock.

(i) Callable

Laclede may specify any right to redeem the Public or Private Preferred Stock on or after specified dates at prices to be determined by Laclede in accordance with market conditions at the time of issuance of that series of Preferred Stock.

(ii) Sinking Fund.

Laclede may provide for an annual Sinking Fund which, if any, may begin at any time following the year of issuance of such series of Public or Private Preferred Stock.

(iii) Other Options.

Laclede may specify that the holders of a series of Public or Private Preferred Stock have an option to require Laclede to repurchase or redeem the Public or Private Preferred Stock under certain circumstances or on certain dates.

D. COMMON STOCK

As described above, Laclede may issue to LGI, from time to time, shares of Common Stock (including receipt of paid-in capital from LGI). Because there no longer is a public market for the Common Stock, the price for the shares to be sold to LGI will be Laclede's book value per share as of the end of Laclede's most recently completed fiscal quarter prior to the sale.

E. CAPITAL LEASES

The Capital Leases will be entered into pursuant to competitive terms based on prevailing market conditions at the time they are executed. The Company will file by October 1st of each year a report showing the total value of the Capital Leases entered into under this authority in the past twelve (12) months and provide to the Financial Analysis Department a schedule specifying the amount, purpose and terms of each Capital Lease.

PURPOSES FOR WHICH PROCEEDS OF REGISTERED SECURITIES AND COMMON STOCK, PRIVATE PLACEMENT SECURITIES AND CAPITAL LEASES ARE TO BE USED

14. The purposes for which Laclede will enter into Capital Leases and/or sell Registered Securities, Common Stock, and Private Placement Securities are: (1) to discharge or redeem previously issued securities; (2) to finance the purchase, acquisition and construction of additional properties and facilities, as well as improvements to the Company's existing plant; (3) to improve or maintain service; (4) to discharge or lawfully refund all or a portion of the Company's outstanding short-term debt; (5) to reimburse moneys actually expended from income; and/or (6) to provide the financial resources required to meet the Company's other public utility obligations as described more fully below.

15. In order to serve the demands of the public for gas service in its certificated areas, Laclede has had to make, and will continue to be required to make, substantial expenditures for additions, improvements, and extensions of plant. For Laclede's past five fiscal years, and Laclede's three next-ensuing fiscal years, its construction expenditures have been, and are estimated to be, as follows:

Fiscal year ending:

2004	\$ 49,125,000
2005	\$ 54,618,000
2006	\$ 57,925,000
2007	\$ 56,434,000
2008	\$ 55,304,000
2009	\$ 57,431,000
2010	\$ 60,905,000
2011	\$ 56,955,000

16. The net proceeds from the issuance and sale of the Registered Securities, Common Stock and Private Placement Securities shall be applied, at management's election, to the purposes described above, including, without limitation, the reimbursement of Laclede's treasury for unreimbursed expenditures as shown on Exhibit 3 attached hereto.

17. Subject to unforeseen market conditions, or other developments that may necessitate another financing approach, Laclede currently contemplates issuing or entering into the Registered Securities, Common Stock, and/or Private Placement Securities in such amounts and forms as to seek to maintain its capital structure generally within the parameters shown in Exhibit 2 to this Application. Laclede also contemplates issuing the various securities in a manner that would preserve its ability to maintain an investment grade credit rating.

FEES AND AUTHORIZATIONS

18. Because the Company has not determined a specific quantity, if any, of individual Registered or Private Placement Securities or Common Stock that it will issue, it cannot determine at this time what portion of such transactions are or will be subject to the fee schedule set forth in Section 386.300.2 RSMo. However, if and when individual

Registered or Private Placement Securities are issued, the Company will submit a verified report to the Commission's Internal Accounting Department documenting such issuance, the use of any associated proceeds and the applicability and measure of fees under Section 386.300.2.

19. Certified copies of the Laclede Board resolutions authorizing the filing of this Application are attached hereto as Exhibit 4, and made a part hereof for all purposes.

20. The issuance and/or execution of the Registered Securities, Common Stock, Private Placement Securities, and Capital Leases for the purposes described herein, and for which authorization is herein sought, will, for the reasons set forth above, be beneficial to Laclede, its customers and its shareholders.

WHEREFORE, Laclede Gas Company, the Applicant herein, respectfully requests that an order be issued by the Commission, effective August 31, 2009, or as soon thereafter as reasonably practicable (1) finding, as required by Section 393.200, that the money, property or labor to be procured or paid for by the issuance and/or execution of the Registered Securities, Common Stock, Private Placement Securities and Capital Leases proposed herein is, or will be, reasonably required for the purposes specified in the order and that such purposes are not in whole or in part reasonably chargeable to operating expenses or to income; and (2) specifically authorizing Laclede:

- (a) to issue, sell, accept and/or enter into Registered Securities, Common Stock, Private Placement Securities and Capital Leases in an aggregate amount not to exceed \$600 million at any time, or from time to time, for a three-year period following the Effective Date of the grant of authority requested herein; and

- (b) to enter into, execute, deliver and perform the necessary agreements, indentures, notes and other documents and filings concerning the issuance, sale, acceptance, and/or execution of the Registered Securities, Common Stock; Private Placement Securities; and Capital Leases;
- (c) to do all other things not contrary to law or the rules and regulations of the Commission, incidental, necessary or appropriate to the performance of any acts specifically to be authorized in such order; and
- (d) granting such other and further relief that the Commission deem just and proper.

Respectfully submitted,
