Re: MCC Telephony of Missouri, Inc.
Case No. LA-2005-0150; Tariff No. YL-2005-0992

Dear Judge Roberts:

Enclosed for filing in the referenced matter please find the original and five copies of the following tariff sheets:

Original Page 33;
Original Page 42-43; and
Original Page 45-49.

These sheets should be substituted for their original counterparts.

These tariff sheets are being filed with the same reservation of rights contained in my letter to the Commission dated May 12, 2005 in this matter.

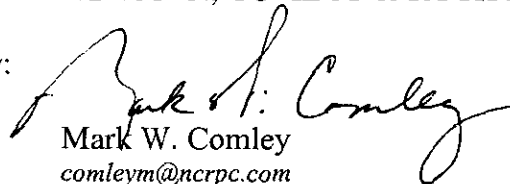

Would you please bring this filing to the attention of the appropriate Commission personnel.

Please contact me if you have any questions regarding this filing. Thank you.

Very truly yours,

NEWMAN, COMLEY & RUTH P.C.

3. DESCRIPTION OF SERVICES

3.1 Voice Service

Voice service provided by the Company is a single-line service which consists of (i) MCC Voice Service (or "Voice Service"); (ii) Optional Service Features; (iii) Directory Listing Service; and (iv) 911 Service or E911 Service where available and (v) access to OS, DA, TRS, Dial Around, Toll Free 8XX, 900/976, and Credit Card Calling Services. Recurring and Non-Recurring Charges for all services provided by Company are specified in Section 4. Availability of particular services and features, whether part of the bundle or optional or part of a promotion are provided where facilities, equipment, and technology permit.

3.1.1 MCC Voice Service is a bundled product including Local and Long Distance Calling to the United States, Puerto Rico, Canada and the US Virgin Islands, which is an Internet Protocol-enabled voice service that permits Customers to establish communications between two locations. MCC Voice Service is provided in whole or in part over Internet Protocol.

3.1.1.A The MCC Voice Service provides a Customer with a single, voice-grade channel, including a telephone number and a Directory Listing. The Company's Voice Service permits a User to, among other things: (i) place local calls within the Missouri Service Area; (ii) access 911 Service as available within the Customer's Missouri Service Area and as otherwise limited in this Tariff; and (iii) place calls to toll-free (i.e., 800, 888, and other 8YY) numbers and to toll services or caller-paid information services (e.g., 900, 976 numbers). Access to caller-paid services may, at Company's option, be provided only to Customers who request such access.

3.1.1.B Bundled Features

MCC Voice Service is a bundled offering that includes unlimited, non-distance-sensitive calling to the United States, Canada, Puerto Rico and the U.S. Virgin Islands and the following features where technically feasible and subject to the limitations elsewhere in this tariff:

3. DESCRIPTION OF SERVICES (cont.)

3.1 Voice Service (cont.)

3.1.4 911 Emergency Service ("911 Service") (cont.)

3.1.4.E (cont.)

other than the service address. Use at a location other than the service address is not supported by the Company, is not an acceptable use and may result in inaccurate 911 Service information being provided to a PSAP. Company is not responsible for any such inaccurate information or any damages caused by the inaccuracy of such information.

3.2 MCC Voice as Basic Local Voice

MCC Voice may be used as a basic local voice service with access to alternative interexchange carriers for intrastate and interstate, intra- and inter-LATA toll calling. MCC Voice used as basic local voice service provides a Customer with a single, voice-grade channel, including a telephone number and a Directory Listing and permits a User to, among other things: (i) place calls fitting the definition of Local Calling, (ii) access 911 Service as available within the Customer's Missouri Service Area and as otherwise limited in this Tariff; and (iii) place calls to toll-free (i.e., 800, 888, and other 8YY) numbers and to toll services or caller-paid information services (e.g., 900, 976 numbers). Access to caller-paid services may, at Company's option, be provided only to Customers who request such access. When using MCC Voice as a basic local service, Customer shall contact the interexchange carrier(s) of Customer's choice to presubscribe to such carrier(s) for intrastate and interstate, intra- and inter-LATA toll calling toll and international service subject to the rates, terms and conditions of such service provided by the chosen interexchange carrier(s).

3. DESCRIPTION OF SERVICES (cont.)

3.3 Limitations on Service

MCC Voice Service shall be provided in those locations consistent with the Company's Certificate granted by the Missouri Public Service Commission and as further represented in the Missouri Service Area as described in this Tariff except as further limited by this or any other paragraph within this Tariff. Within such territory, Company will provide services to those locations adjacent to pre-existing distribution plant of Company or an MCC affiliate or within reasonable distance thereof subject to the Extension Policy in section 2.6.1 and 2.6.2 of this Tariff and the legal authority of Company and any necessary affiliates to provide service and establish facilities. To obtain MCC Voice Service, a customer must have a suitable multimedia terminal adapter, which will be provided by Company by separate agreement. Company does not warrant that service will work with Customer-provided equipment. Further, Company does not guarantee or support the use of or compatibility of MCC Voice Service in conjunction with the use of any data over voice line application (e.g., generic dial-up services, AOL, TiVo, facsimile transmission, home security system). Customer may use MCC Voice Service only at the location provided as the service address. Customer is advised that MCC Voice Service is not provided over a powered network and Services may therefore not be available in the event that electric power to Customer's location is interrupted or unavailable. Company is not liable for damages or losses caused by a Customer's or User's inability to use Company's service, including 911 service, during an interruption of electric power to Customer's location or any portion of Company's network or the network of any other provider necessary to complete Customer's calls. The limitations in this paragraph are not exclusive and are in addition to or in summary of, but not in lieu of, any other limitations elsewhere in this Tariff.
