STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and states:

1. On October 5, 2006, Common Pointe Networks of Missouri, LLC (Applicant) filed its Application for Certificate of Service Authority and for Competitive Classification. The Applicant also submitted a proposed tariff, P.S.C. Mo. No. 1 (Tariff File No. YX-2007-0228).

2. In the attached Memorandum, labeled Appendix A, the Staff recommends that the Missouri Public Service Commission grant Applicant a certificate to provide intrastate, interexchange telecommunications services and a certificate to provide local exchange telecommunications service restricted to dedicated, private line services. The Commission shall grant an application for a certificate of telecommunications service authority upon a finding that the grant of authority is in the public interest. §§ 392.430 and 392.440 RSMo. (2000).

3. Staff also recommends that the Commission classify the Applicant and the services it proposes to offer in its Application as competitive. The Commission may classify a telecommunications provider or its services as competitive if the Commission determines it is subject to sufficient competition to justify a lesser degree of regulation. §392.361.4. All the services a competitive company provides must be classified as competitive. §392.361.3.

4. Staff further recommends that the Commission grant the waivers listed in the Notice of Applications. The Commission may waive the application of its rules and certain statutes if the

Commission determines that waiver is consistent with the purposes of Chapter 392. §§ 392.185, 392.361.5 and 392.420.

5. The Staff has no objection to the Applicant's proposed tariff taking effect on November 19, 2006.

WHEREFORE, Staff recommends that the Commission grant Common Pointe Networks of Missouri, LLC, a certificate of service authority to provide intrastate, interexchange telecommunications services and a certificate of service authority to provide local exchange telecommunications service restricted to dedicated, private line services; grant it the requested competitive classification; grant the standard waivers listed in the Commission's Notice of Application; and approve Applicant's tariff effective November 19, 2006.

Respectfully submitted,

In addition, Staff recommends approval of the waivers listed in the Notice.

Granting a certificate to provide basic local exchange telecommunications services should be based on the following conditions:

maximum switched access service rates set forth herein shall be made pursuant to Sections 392.220 and 392.230 RSMo, and not Sections 392.500 and 392.510 RSMo.

3. If the directly competing ILEC, in whose service area the applicant is operating, decreases its originating and/or terminating access service rates, the applicant shall file an appropriate tariff amendment to reduce its originating and/or terminating access rates in the directly competing ILEC's service area within 30 days of the directly competing ILEC's reduction of its originating and/or terminating access rates in order to maintain the cap.
