RE: Request for Increase in Annual Water System Operating Revenues
MO PSC Water Utility Small Company Rate Increase Procedure

Records
Public Service Commission

Dear Secretary:

Spokane Highland Water Company (the Company) holds a certificate of public convenience and necessity granted by the Missouri Public Service Commission (the Commission), under which the Company provides water supply and distribution services in Christian County, Missouri. The Commission first authorized the Company to provide regulated water utility service in August of 1994. The Company currently provides service to approximately 49 water customers within its certificated service area under the provisions of its Commission-approved tariffs. The Company's customer rates for water service were last changed in December of 1999.

Pursuant to 4 CSR 240-3.635, the Commission's rule pertaining to rate increase requests made by small water utilities, the Company is hereby requesting an increase of \$10,000.00 in its annual water system operating revenues. Based upon current customer rates and customer numbers, this increase represents a change of approximately 76.1% in the Company's annual water system operating revenues. The Company understands that the design of its customer rates, its service charges, its customer service practices, its general business practices and its general tariff provisions will also be reviewed during the Commission Staff's review of the rate increase request, and may thus be the subject of Staff recommendations at the conclusion of the rate increase process.

The specific reasons for the requested increase in the Company's annual operating revenues include: increases in operation and maintenance expenses; increases in the Commission's annual utility assessments; changes in the number and type of customers served; and etc, etc, etc.

Lastly, I wish to advise you that the Company is current on the payment of its Commission annual assessments (all past and current assessments have been paid in full) and the filing of its Commission annual reports. Additionally, the Company will remain current on these items during this small company rate increase procedure.

Thank you for your attention to this important matter. Please contact me at your convenience if you need additional information regarding this request.
