STATUS REPORT

COMES NOW the Staff of the Missouri Public Service Commission and for its Report states as follows:

1. On November 23, 2011, the Staff of the Missouri Public Service Commission filed a motion for the cancellation of the certificates of service authority and associated tariffs held by Velocity The Greatest Phone Company Ever, Inc. (“the Company”).

2. Since the last Status Report in this matter, the Company has been reinstated by the Secretary of State, which shows the latest update to be March 26, 2012 and that the Company is in good standing.

3. The Commission’s EFIS system shows that the Company’s interexchange carrier is current on its annual reports as of the end of January, but the Company’s competitive local exchange carrier has not yet filed for 2011. Closer review of the document labeled as the 2011 Annual Report for the IXC is actually a report for the calendar year 2009 for the CLEC. However, in light of the fact that the deadline for filing the 2011 annual report has so recently passed, the Staff requests that the Commission keep this file open until the Company is fully

current on all reports. The Company has shown some diligence in clearing the deficiencies that led to these filings; the Staff is confident that the Company will continue to do so. Once all the deficiencies have been cleared, the Staff will move that these matters be closed without further action.

WHEREFORE, Staff submits this Status Report.

Respectfully submitted,

Colleen M. Dale
