OF THE STATE OF MISSOURI**

In the Matter of Application of Mark Twain)	
Communications Company for Interexchange)	
and Non-switched Local Exchange)	Case No. XA-2010-0031
Telecommunications Services Authority)	Tariff File No. YC-2010-0030

STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and states:

1. On July 16, 2009, Mark Twain Communications Company (Applicant) filed its Application for interexchange and non-switched local exchange telecommunications services. The Applicant also submitted a proposed tariff, P.S.C. MO No. 1 (Tariff File No. YC-2010-0030).

2. In the attached Memorandum, labeled Appendix A, the Staff recommends that the Missouri Public Service Commission (Commission) grant Applicant a certificate to provide interexchange telecommunications services. Staff also recommends the Commission grant Applicant a certificate to provide local exchange telecommunications services. Local exchange authority should be restricted to dedicated, private line services. The Commission shall grant an application for a certificate of telecommunications service authority upon a finding that the grant of authority is in the public interest. §§ 392.430 and 392.440 RSMo. (2000).

3. Staff also recommends that the Commission classify the Applicant and the services it proposes to offer in its Application as competitive. The Commission may classify a telecommunications provider or its services as competitive if the Commission determines it is subject to sufficient competition to justify a lesser degree of regulation and that such lesser regulation is consistent with the protection of ratepayers and promotes public interest.

§392.361.4. (2008). A majority of the services a competitive company provides must be classified as competitive. §392.361.3. (2008).

4. Staff further recommends that the Commission grant the waivers listed in the Notice of Applications. The Commission may waive the application of its rules and certain statutes if the Commission determines that waiver is consistent with the purposes of Chapter 392. §§ 392.185, 392.361.5 and 392.420. (2008).

5. Staff recommends that the approval of the certificate to provide basic local telecommunications service be based on the following two conditions listed in Appendix A:

- a. The applicant's originating and terminating access rates shall not exceed the access rates of the incumbent local exchange company against whom the applicant is competing pursuant to Sections 392.361.6 and 392.370 RSMo.
- b. If the directly competing ILEC, in whose service area the applicant is operating, decreases its originating and/or terminating access service rates, the applicant shall file an appropriate tariff amendment to reduce its originating and/or terminating access rates in the directly competing ILEC's service area within 30 days of the directly competing ILEC's reduction of its originating and/or terminating access rates in order to maintain the cap.

6. The Staff has no objection to the Applicant's proposed tariff taking effect on August 29, 2009.

7. The Applicant is not delinquent in filing an annual report, paying the PSC assessment, MoUSF, and Relay Missouri.

WHEREFORE, Staff recommends that the Commission grant Mark Twain Communications a certificate of service authority to provide interexchange telecommunications; grant it the requested competitive classification; grant the standard waivers listed in the Commission's Notice of Application; and approve Applicant's tariff effective August 29, 2009.

Respectfully submitted,

/s/ Samuel D. Ritchie
