OF THE STATE OF MISSOURI**

In the Matter of the Cancellation of the)
Certificate of Service Authority and) **File No. XD-2015-0127**
Tariff of Public Wireless, Inc.) Tariff No. YX-2010-0024

STAFF RESPONSE

COMES NOW the Staff of the Missouri Public Service Commission and responds to the withdrawal of the cancellation of the certificate of interexchange service authority in Missouri of Public Wireless, Inc. (“the Company”) and states as follows:

1. After the issuance of the Order Withdrawing the Order of Cancellation of December 18, 2014, the Company withdrew its opposition to the Order of Cancellation on December 23, 2014.

2. A review of the Company’s annual report shows that the Company has never had any Missouri jurisdictional revenue. In the Order granting the Company’s certificate, the following language was included:

In addition, the company is reminded that Section 392.410.5, RSMo Supp. 2008, renders the company’s certificate of service authority null and void one year from the date of this order unless it has exercised its authority under that certificate.

Technically, the Company’s certificate was void as of August 27, 2010. However, there is no present system in place to track and act on the statutory language noted above. As the Commission is in the process of implementing an overhaul of its EFIS system, a way may be developed to connect the annual reports to the

certificates. The Staff would appreciate any informal guidance the Commission may offer as to how to handle such matters in the interim.

3. Finally, the Staff asks that the Company's certificate be canceled, voided or otherwise invalidated prior to the end of the year, to simplify the Company's reporting requirements.

WHEREFORE, the Staff respectfully recommends the Commission cancel the tariff and certificate of service authority of Public Wireless, Inc. to provide interexchange telecommunications service in Missouri.

Respectfully submitted,

Colleen M. Dale
