1. KCP&L asks that the Commission not rule on Staff's September 14 Recommendation or OPC's September 14 Response at this time.<sup>1</sup> Based on the detailed workpapers that have been shared and the numerous discussions that have been held among the parties regarding compliance tariff sheets, KCP&L believes that all issues have been, or will soon be, resolved. Paragraph 3 of OPC's September 14 Response, echoes KCP&L's belief in this regard.

2. As indicated by both OPC (paragraph 2 of OPC's September 14 Response) and Staff (paragraph 3 of the cover pleading to Staff's September 14 Recommendation), the only issues remaining to be resolved relate to the fuel adjustment clause ("FAC"). KCP&L met with Staff, OPC and MIEC representatives the morning of September 14 on FAC language and again with OPC personnel that afternoon. As a result of KCP&L's discussions with OPC on the

3. In light of all of this communication and progress, KCP&L respectfully requests that the Commission refrain from acting on either Staff's September 14 Recommendation or OPC's September 14 response at this time. KCP&L will continue to work to resolve the remaining compliance tariff issues and will provide a proposed resolution, or a status report on the progress of discussions, to the Commission no later than close of business September 15, 2015.

WHEREFORE, KCP&L respectfully requests that the Commission refrain from acting in response to Staff's September 14 Recommendation or OPC's September 14 Response as requested in paragraph 3 herein.
