**ORDER DIRECTING STAFF TO INVESTIGATE AND FILE A REPORT**

Issue Date: January 25, 2007

Effective Date: January 25, 2007

On January 23, 2007, LDMI Telecommunications, Inc. d/b/a LDMI Telecommunications (“LDMI”) filed a letter notifying the Missouri Public Service Commission of a set of two corporate name changes. According to the letter, the purpose of the changes is: (1) to enable LDMI to provide traditional residential telecommunications services in Missouri under the fictitious name “Cavalier Telephone,” and (2) to enable LDMI to provide traditional business telecommunications services in Missouri under the fictitious name “Cavalier Business Communications.”<sup>1</sup>

Accompanying the letter are documents showing that LDMI registered both fictitious names with the Missouri Secretary of State on December 29, 2006, and that these two registrations do not expire until December 29, 2011. Also attached to the letter are two complete sets of replacement tariff sheets: one for LDMI Telecommunications, Inc. d/b/a Cavalier Telephone; and the other for LDMI Telecommunications, Inc. d/b/a Cavalier

---

<sup>1</sup> This would result in the following new corporate names, respectively: (1) LDMI Telecommunications, Inc. d/b/a Cavalier Telephone; and (2) LDMI Telecommunications, Inc. d/b/a Cavalier Business Communications.

Business Communications.<sup>2</sup> However, according to the letter, the replacement tariffs contain no substantive changes. Rather, the revisions include only: (1) the corporate name changes referred to above; (2) the addition of sequential page numbers to each page; and (3) a change in the identity of the company employee responsible for maintaining LDMI's tariff records, as reflected in the footer on each page. Finally, the letter indicates that LDMI's customers have already been notified of the name changes.

The letter and attachments substantially comply with the applicable Commission Rules governing the contents of applications for corporate name changes and setting forth filing requirements for telecommunications company tariffs.<sup>3</sup>

Although the issues presented in this case are neither involved nor complicated, the Commission would nevertheless like to have the benefit of a brief investigation by its Staff before it further considers this matter. Therefore, Staff will be directed to commence an investigation and promptly file a report containing its recommendation as to whether the Commission should recognize LDMI's name changes and approve the accompanying replacement tariffs.

**IT IS ORDERED THAT:**

1. The Staff of the Missouri Public Service Commission shall promptly commence an investigation into the merits of the application filed by LDMI Telecommunications, Inc. d/b/a LDMI Telecommunications on January 23, 2007.

2. The Staff of the Missouri Public Service Commission shall file a report concerning the results of its investigation by no later than Wednesday, February 14, 2007.

---

<sup>2</sup> Both tariffs have an effective date of February 22, 2007.

<sup>3</sup> These regulations are 4 CSR 240-2.060(5), 4 CSR 240-3.020(1), and 4 CSR 240-3.545.

3. This order shall become effective on January 25, 2007.
