On June 30, 2014, KCP&L Greater Missouri Operations Company ("GMO") filed an application containing its Fuel Adjustment Clause ("FAC") true-up filing, as it is required to do by Commission rules 4 CSR 240-3.161 and 4 CSR 240-20.090. Rule 4 CSR 240-20.090(5)(D) requires the Commission's Staff to examine and analyze the information GMO has submitted and to submit a recommendation to the Commission not later than 30 days after GMO made its filing. Commission Rule 4 CSR 240-3.161(10)(A) provides that the parties to the rate case in which the Commission established GMO's FAC are automatically parties to this true-up case, without the necessity of having to apply for intervention. The Commission therefore acknowledges that the parties to File No. ER-2012-0175 are parties to this case and will direct its Data Center to add those parties to the service list.

The Commission will also establish a submission date for any other entity that may wish to apply to intervene and will direct its Data Center to serve a copy of this order upon

the parties in ER-2012-0175 and upon the county commission of each county in GMO's service area. In addition, the Commission's Public Information Office shall make notice of this order available to the media serving GMO's service area and to the members of the Missouri General Assembly representing the residents of GMO's service area.
