**ORDER MODIFYING BRIEFING SCHEDULE
AND ORDER REGARDING LATE-FILED EXHIBITS**

Issue Date: October 4, 2018

Effective Date: October 4, 2018

The parties have filed four stipulations resolving the issues among them. But the Commission issues regarding Staff's investigation into response time for net metering and solar rebate applications, and regarding line extension tariffs, remain to be decided.

Because only KCP&L and Staff provided witnesses for these Commission issues, only those parties are required to file briefs. Any other party is allowed, but not required to, brief these issues as well. Because the parties no longer have any disputes among themselves, the Commission will cancel the requirement to file reply briefs.

Any party that files a brief shall address what source documents support KCP&L witness Lutz's testimony that applicants and customers with heat pumps pay less per kW than those without such pumps. The briefs shall also address whether such treatment is a discriminatory treatment of customers. Finally, the briefs shall state what

action, if any, the Commission should order on these issues, and shall state what legal authority, if any, the Commission has to make such an order.

In addition, the Commission has ordered late-filed exhibits to address the Commission issues. Those late-filed exhibits shall be filed no later than October 5, 2018.

THE COMMISSION ORDERS THAT:

1. Kansas City Power & Light Company, KCP&L Greater Missouri Operations Company, and the Staff of the Commission shall file briefs as ordered above no later than October 17, 2018.
2. Any other party who wishes to file a brief shall do so no later than October 17, 2018.
3. The reply brief requirement is cancelled.
4. Late-filed exhibits shall be filed no later than October 5, 2018.
5. This order shall be effective when issued.
