

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of Union Electric Company            )  
d/b/a Ameren Missouri's Tariffs to Decrease        )     Case No. ER-2019-0335  
Its Revenues for Electric Service                    )

**MISSOURI INDUSTRIAL ENERGY CONSUMER'S  
RESPONSE TO ORDER DIRECTING RESPONSES**

COMES NOW the Missouri Industrial Energy Consumers (“MIEC”) and files its response to the Commission’s Order Directing Responses dated March 5, 2020 (“Order”). For its response, the MIEC states as follows:

1. In its Order, the Commission asks each party to indicate its willingness to enter into a revised Stipulation and Agreement modified in specific ways. All of the proposed modifications relate to residential rates<sup>1</sup> and reports to the Commission concerning outreach to residential customers. The MIEC was not deeply involved with the development of the residential rates in the Corrected Non-Unanimous Stipulation and Agreement and would have no objection to a revised Stipulation and Agreement that included any or all of the Commission’s proposed modifications.

WHEREFORE, the MIEC submits this response to the Commission’s Order.

---

<sup>1</sup> Paragraph 2 of the Commission’s Order does not explicitly state that it is referring to a residential rate, but in the context of the Order and the on-the-record presentation of the Corrected Non-Unanimous Stipulation and Agreement, only a residential rate makes sense. The MIEC submits this Response with the understanding that Paragraph 2 is limited to a residential default time of use rate.

Respectfully submitted,
