

Exhibit No.:	
Issue(s):	Deficiencies of the Depreciation Study/Data Base
Witness/Type of Exhibit:	Robinett/Direct
Sponsoring Party:	Public Counsel
Case No.:	ER-2019-0335

DIRECT TESTIMONY

OF

JOHN A. ROBINETT

Submitted on Behalf of the Office of the Public Counsel

**UNION ELECTRIC COMPANY
D/B/A AMEREN MISSOURI**

FILE NO. ER-2019-0335

December 4, 2019

**DIRECT TESTIMONY
OF
JOHN A. ROBINETT
AMEREN MISSOURI**

CASE No. ER-2019-0335

1 **Q. What is your name and what is your business address?**

2 A. John A. Robinett, PO Box 2230, Jefferson City, Missouri 65102.

3 **Q. By whom are you employed and in what capacity?**

4 A. I am employed by the Missouri Office of the Public Counsel (“OPC”) as a Utility Engineering
5 Specialist.

6 **Q. Have you previously provided testimony before the Missouri Public Service
7 Commission?**

8 A. Yes. Both as a former member of Commission Staff and on behalf of the OPC.

9 **Q. What is your work and educational background?**

10 A. A copy of my work and educational experience is attached to this testimony as Schedule
11 JAR-D-1.

12 **Q. What is the purpose of your direct testimony?**

13 A. The purpose of this testimony is to address the deficiencies of the depreciation study/data
14 base submitted by Ameren Missouri in this case.

15 **Q. Would you briefly summarize OPC’s recommendations provided in your testimony?**

16 A. OPC recommends zero recovery of costs related to the depreciation study submitted by
17 Ameren Missouri until deficiencies are addressed and corrected.

18 **Q. Did Ameren Missouri submit a depreciation study, data base, and property unit
19 catalog pursuant to 20 CSR 4240-3.160 and 20 CSR 4240-3.175?**

20 A. Yes.

1 **Q. Does the depreciation study, data base, and property unit catalog all comply with 20**
2 **CSR 4240-3.175?**

3 A. No. There are items that are deficient.

4 **Q. What are the deficiencies under 20 CSR 4240-3.175?**

5 A. 20 CSR 4240-3.175(1)(A)2D requires:

6 Estimated date of retirement and surviving dollar investment for each
7 warehouse, electric generating facility, combustion turbine, general office
8 building or large structure[.]

9 Ameren Missouri and its consultant failed to provide as part of this depreciation study or
10 data base estimated retirement dates for Ameren Missouri's combustion turbines.
11 Additionally the combustion turbines are aggregated and being treated as a fleet and not
12 separated by turbine or at least facility. Ameren Missouri did provide plant-in-service and
13 accumulated reserve balances by facility location for combustion turbines in response to
14 OPC data request number 8515.

15 **Q. Does OPC have any recommendations?**

16 A. Yes. OPC recommends two things: first, that Ameren Missouri's combustion turbines be
17 analyzed either individually or by facility location for depreciation rate assignments using
18 remaining life procedure; and second OPC recommends no recovery of depreciation study
19 expenses until the study is amended and resubmitted to comply with 20 CSR 4240-
20 3.175(1)(A)2D by providing estimated retirement dates for the combustion turbines either
21 individually or by facility location.

22 **Q. Does this conclude your direct testimony?**

23 A. Yes, it does.

John A. Robinett

I am employed as a Utility Engineering Specialist for The Missouri Office of the Public Counsel (OPC). I began employment with OPC in August of 2016. In May of 2008, I graduated from the University of Missouri-Rolla (now Missouri University of Science and Technology) with a Bachelor of Science degree in Mechanical Engineering.

During my time as an undergraduate, I was employed as an engineering intern for the Missouri Department of Transportation (MoDOT) in their Central Laboratory located in Jefferson City, Missouri for three consecutive summers. During my time with MoDOT, I performed various qualification tests on materials for the Soil, Aggregate, and General Materials sections. A list of duties and tests performed are below:

- Compressive strength testing of 4" and 6" concrete cylinders and fracture analysis
- Graduations of soil, aggregate, and reflective glass beads
- Sample preparations of soil, aggregate, concrete, and steel
- Flat and elongated testing of aggregate
- Micro-deval and LA testing of aggregate
- Bend testing of welded wire and rebar
- Tensile testing of welded, braided cable, and rebar
- Hardness testing of fasteners (plain black and galvanized washers, nuts, and bolts)
- Proof loading and tensile testing of bolts
- Sample collection from active road constructions sites
- Set up and performed the initial testing on a new piece of equipment called a Linear Traverse / Image Analysis
- Wrote operators manual for the Linear Traverse / Image Analysis Machine
- Trained a fulltime employee on how to operate the machine prior to my return to school
- Assisted in batching concrete mixes for testing, mixing the concrete, slump cone testing, percent air testing, and specimen molding of cylinders and beams

Upon graduation, I accepted a position as an Engineer I in the Product Evaluation Group for Hughes Christensen Company, a division of Baker Hughes, Inc. (Baker), an oil field service company. During my employment with Baker, I performed failure analysis on oil field drill bits as well as composed findings reports which were forwarded to the field engineers in order for them to report to the company the conclusions of the failure causes.

I previously was employed as a Utility Engineering Specialist I, II, III for the Missouri Public Service Commission (Commission). My employment with the Commission spanned from April of 2010 to August of 2016. My duties involved analyzing depreciation rates and studies for utility companies and presenting expert testimony in rate cases before the Commission.

JOHN A. ROBINETT
SUMMARY OF CASE PARTICIPATION

Listed below are the cases in which I have supplied testimony, comments, and/or depreciation rates accompanied by a signed affidavit.

Company	Case Number	Issue	Party
Summit Natural Gas of Missouri	GE-2020-0009	Depreciation Study Waiver	Office of the Public Counsel (OPC)
